The Census team consisting of Ms Purva Garg, Director of Census Operations and Deputy Commissioner, South Andaman, Shri Kamalleshwar Rao S, Secretary (SVPMC) and Charge Census Officer (SVPMC), Shri Chandra Mohan Joshi, Joint Director, Directorate of Census Operations called on Hon'ble Lieutenant Governor at Lok Niwas to cover him under the first ever self-enumeration exercise being conducted in the history of Indian censuses. Hon'ble Lieutenant Governor was given detailed information about digital initiatives of census 2027, procedure of self-enumeration and status of census exercise being undertaken in the Archipelago. Ms Jyoti Kumari, Secretary to Hon'ble Lieutenant Governor was also present on the occasion, a press release from Directorate of Census Operations said.

MESSAGE

I am pleased to note that Census 2027 has commenced in Andaman & Nicobar Islands. This exercise will be conducted in two phases. The first phase, the House Listing Operation, is scheduled from 16th April 2026 to 15th May 2026, followed by the Population Enumeration in February 2027. During the first phase, data relating to household assets and amenities will be collected.

Under the Digital India initiative, the Government of India has introduced a provision for Self-Enumeration (SE) through a dedicated web portal (<https://se.census.gov.in>) for the general public. This initiative offers residents a convenient and secure means to directly participate in the Census process.

It gives me immense pleasure to share that the Andaman and Nicobar Islands is among the first batch of States and Union Territories where self-enumeration commenced from 1st April 2026.

The self-enumeration portal will remain accessible for a period of fifteen days upto 15th April 2026. The portal provides a simple, secure, and flexible platform for families to submit their census information.

Census data is of utmost importance, as it serves as a critical foundation for planning and development at the national level. I therefore urge all families across the archipelago to actively participate in Census by providing their information through self-enumeration and contribute towards the nation's progress.
