Port Blair, Oct. 1

The much awaited Andaman Law College has started functioning with its inauguration by the Lt. Governor, A&N Islands, Prof. Jagdish Mukhi at Transport Bhawan premises, at Phoenix Bay here this morning. The Member of Parliament, Shri Bishnu Pada Ray, Chief Secretary, Shri Anindo Majumdar, PBMC Chairperson, Shri B.

Eshwar Rao, Secretary Law (Vice Chairman, ANILES), Shri Sandip J. Jacques, Additional District & Sessions Judge, Siddharth Khanjilal, Commissioner - cum -Secretary, Hr. Education, Shri Sanjiv Khirwar, Senior Officers of the Administration, Members of A & N Bar Council, Lecturers and Students were also present on the occasion.

Addressing the

gathering, soon after lighting the ceremonial lamp, the Lt. Governor congratulated the Islanders on the inauguration of Andaman Law College at Port Blair on the auspicious day today, with the beginning of Navratri festival.

The Lt. Governor said, the need for a Law College in A&N Isles was a long pending demand of the Islanders as well as students and today, their long cherished dream has been fulfilled and the Islands can now impart legal education to its students. "Earlier, students who wished to pursue Law,

had to go to mainland, but now the facility has been made available for them here in the Islands itself", said the Lt. Governor.

Speaking about the challenges faced in starting any educational institution here in the Islands due to infrastructural shortage, the Lt. Governor said, all such issues will be sorted out soon.

About legal education and its importance, the Lt. Governor remarked that 'Law' is an important aspect of education and Law graduates have the potential in leading the people. The Lt. Governor stated that Legal education

is essentially required not only to practice law in various Courts, but also, in various other ways to render legal advice to commercial organizations, Government Departments, Litigants and the general public at large.

The Lt. Governor further stated that advocates played a major role in the country's freedom struggle. "Our Father of the Nation, Mahatma Gandhi, first President, Dr. Rajendra Prasad, first Prime Minister, Pt. Jawaharlal Nehru and Pt. Moti Lal Nehru were all big lawyers, this proves that legal knowledge can mould the fate of any

country/place", said the Lt. Governor. He said, we need to strive to make our Law College excel in academics and be at par with National Law Schools, elsewhere in the country as well.

He expressed happiness that the Administration has been paying attention to providing higher education to students in Isles and starting of an Engineering College, a Medical College and now a Law College are definitely positive steps in the development of this Union Territory in the field of higher education. An eminent educationalist himself, the Lt. Governor,

based on his vast experience in the field of education, and having established the prestigious GGS Indraprastha University for Professional Courses himself, stressed that A&N Island should have its own University and announced that very soon, a Central University will be created in Isles and the problems faced in opening new colleges in Isles will come to an end.

Speaking about quality education, the Lt. Governor remarked that any college/educational institution is known by its faculty. With the establishment of a Central University in Isles,

good and efficient faculties will be able to join, which will ensure a better quality education to our children.

Sharing his observation of the Islands in a short span of time, the Lt. Governor said, he is proud of the fact that the Islands' per capita expenditure, per capita income and literacy rate are much higher compared to any other states on the mainland. He also expressed his happiness that the people of the Islands have great faith in the Govt. Hospitals and its services.

**PRESS NOTE**

The Central Information Commissioner, Room No. 315, B-Wing, AUGUST Kranti Bhawan, Bikaji Cama Place, New Delhi- 110066 vide Judgment No. CIC/ SA/ A/ 2016/ 001483 dated 01.08.2016 in the case of Shri R.S. Gupta v. LG Office, while disposing off the appeal, has opined that in cases where the Offices of President, Vice President, Prime Minister, Governors, Lt Governors or Chief Ministers are not the Primary Public Authorities, it is not reasonable to process or transfer such applications to other Public Authorities under RTI Act, 2005. Citizens are filing applications with higher authorities like President, Vice President, Prime Minister, Governors, Lt Governors or Chief Ministers seeking information about their subordinates, with a belief that the subordinates would care more than a direct application to that office. This cannot be correct. Such a practice should be discouraged for proper governance. Only those RTI request coming from illiterates or those who do not have opportunity to identify proper Public Authority for information should be properly guided.

Therefore, there is no legal obligations on the CPIO of LG Office, in any case, either to respond or transfer or answer to RTI applications or to respond to first and second appeal to the appellant, to which Lt Governor's Office is not directly related to.

The Commission further held that:

- The Offices of President, Vice President, Prime Minister, Governors, Lt Governors and Chief Ministers are not legally obliged under RTI Act to entertain RTI applications seeking information unrelated to it, or not held or controlled by these high offices.
- RTI applications do not have right to information which is not held or controlled by these high offices.
- The CPIOs of these high offices will have an obligation to respond and inform action taken when the applicant made a complaint against a sub-ordinate Public Authority, against whom it can exercise superior supervisory power and take action. Such application cannot be merely transferred to another Public Authority ignoring the fact that complaint was against Public Authority where the RTI petition was being transferred.
- If these officers of apex executive authorities create infrastructure to help these applicants at least by transferring their applications by email or by any other means convenient to them, they are welcome. But the CPIOs cannot be subjected to first and second appeals under RTI Act in such cases.
- The applicants who file such RTI applications by post shall intimate their email-ids and mobile numbers, so that they can be intimated about transfer.
- Department of Personnel & Training (DoPT) may develop necessary guidelines in consultation with these high executive officers to tackle various kinds of RTI applications from illiterate, ordinary or Below-Poverty-Line (BPL) applicants even though they are not seeking information relating to these offices, without causing the wastage of public money and time of Public Authorities.
- RTI applicant, who know that information is not available with such offices shall not file RTI applications with these apex authorities.

In the light of the above decision, henceforth no RTI application or first or 2<sup>nd</sup> Appeal related to other Public Authorities will be entertained by the office of the Public Information Officer / 1<sup>st</sup> Appellate Authority of Raj Niwas, and if any received which is not directly related to the Lt. Governor's Secretariat, Raj Niwas, Port Blair, the same will be filed in records and no further communication will be made with the applicant in this regard.
