Unity in Diversity is the Identity of India: Hon'ble Lieutenant Governor, Dr. Dinesh Sharma

A&N Islands to emerge as a Gateway to the Country's prosperity and security

Tribal communities embrace new aspirations for development

A&N Islands offer a glimpse of Miniature India

Unity among people and dedication to the nation are the foundations of progress

A&N Islands secure first position in the country in employment generation under VB-G RAM G Scheme

Sri Vijaya Puram, Nov. 1

The Hon'ble Lieutenant Governor of Andaman & Nicobar Islands, Dr. Dinesh Sharma Ji, extended his greetings to the people on the occasion of the Foundation Day of the A&N Islands and stated that unity in diversity is the identity of India. He said that Indian culture is a culture of unity and togetherness, which represents the very soul of the nation. He further observed that the Andaman & Nicobar Islands are poised to emerge as a gateway to the country's security and prosperity in the coming years and will establish an indelible identity on the global tourism map.

Addressing the grand Foundation Day celebration held at Tagore Government College of Education, Sri Vijaya Puram, on the occasion, the Hon'ble Lieutenant Governor said that the Foundation Days of several States and Union Territories, including Jammu & Kashmir, Ladakh, Andhra Pradesh, Chandigarh, Chhattisgarh, Delhi, Haryana, Karnataka, Keralam, Lakshadweep, Madhya Pradesh, Puducherry, Punjab and Tamil Nadu, are being celebrated together by people across the country. He said that under the leadership of the Hon'ble Prime Minister, the nation is experiencing a renewed sense of unity. During the festive season, a new enthusiasm for development is visible among tribal communities, while people are once again coming together with a firm resolve to realise the dream of a Viksit Bharat. Just as the confluence of different musical notes creates beautiful music, the collective celebration of festivals belonging to different religions in the Andaman & Nicobar Islands generates a renewed spirit

of harmony and enthusiasm in society.

The celebration conveyed a strong message of national unity by bringing together the Foundation Days of various States and Union Territories. On the occasion, people originally belonging to Andhra Pradesh, Chhattisgarh, Haryana, Karnataka, Keralam, Madhya Pradesh, Punjab and Tamil Nadu, as well as Delhi, Chandigarh, Jammu & Kashmir, Ladakh, Lakshadweep and Puducherry, who have settled in the Andaman & Nicobar Islands, showcased glimpses of their respective cultures through colourful cultural performances.

The Hon'ble Lieutenant Governor stated that India is a confluence of diverse cultures. Describing Mother India through the symbolic triad of Mother Ganga, Mother Cow and Mother Earth, he said that the country represents the confluence of three distinct cultural traditions. The Andaman & Nicobar Islands are home to all the cultures of India, offering a unique example of unity in diversity and presenting a true glimpse of Miniature India.

Dr. Sharma said that although India was plundered by foreign invaders, they could never destroy its culture, literature and traditions. Those who came to loot India eventually faced decline. Britain, which once ruled India, has weakened, while India has emerged as one of the world's major economies, registering a GDP growth rate of over seven per cent. He attributed this progress to the unity, coordination and spirit of dedication to the nation among its people.

The Hon'ble Lieutenant Governor observed that the A&N Islands would no longer be known merely for 'Kala Pani', but would henceforth be recognised for 'Amrit Vani' and 'Amrit Pani'. He said that this would also become the distinctive cultural identity of the Islands. A major national mission is underway to take the country forward. Recalling the immense hardships endured by Veer Savarkar and other freedom fighters at the Cellular Jail, he said that the country's independence was the outcome of their sacrifices. Numerous known and unknown freedom fighters had contributed to the freedom struggle.

Hon'ble Lieutenant Governor further observed that although the British had left India, their colonial mindset continued to persist, and its adverse effects were still visible in society. He urged people to make greater use of their own languages, particularly Hindi, stating that this would contribute to their progress. He emphasised that the resistance was not against a language but against a particular mindset. As long as excessive attachment to western culture continued, the country's progress would remain constrained. Every citizen should take pride in the nation and its rich cultural heritage. He said that Foundation Day is an occasion to remember and celebrate our pride, heritage and traditions.

Describing the tenure of Hon'ble Prime Minister, Shri Narendra Modi as a glorious period, Dr. Sharma said that the country had made significant strides towards self-reliance during this period. The collective endeavour to fulfil the vision of Viksit Bharat has already begun. In this direction, the Andaman & Nicobar Islands have achieved a significant milestone by securing the first position in the country in employment generation under the VB-G RAM G Scheme. He also informed that two sites in the Islands have been included in UNESCO's Tentative List. He called upon everyone to work towards making India a Shreshtha Bharat and enhancing its stature across the world.

The Hon'ble Lieutenant Governor stated that the Andaman & Nicobar Islands have now become an integral part of the country's mainstream, with growing interest and attraction towards the Islands from across the nation. He expressed confidence that concerted efforts would be made in the coming years to equip the Islands with all essential facilities, bringing about positive changes in their overall development and future prospects.

Dr. Sharma further stated that India today is free from Naxalism and that there is no need for anyone to live in fear. He described it as a New India that neither fears nor intimidates anyone. He said that today, a bullet fired by Pakistan is answered with a cannon shell, whereas in earlier times, responses to Pakistani attacks were symbolically marked by the release of peace doves.

Among those present on the occasion were Hon'ble Member of Parliament, Shri Bishnu Pada Ray, Secretary (Art & Culture), Smt. Jyoti Kumari, Deputy Commissioner, South Andaman, Ms. Purva Garg, Superintendent of Police, South Andaman, Ms. Shweta K. Sugathan, Historian Dr. Rashida Iqbal, IAS officers, Shri Neeraj Bharti, Shri Satnam Singh, Shri Pravesh Ranjan and other dignitaries, a press release from Lok Niwas said.

Hon'ble MP lays foundation stones for upgradation of two rural roads under PMGSY-III at Burmanallah & Guptapara

Sri Vijaya Puram, Nov. 1

Shri Bishnu Pada Ray, Hon'ble Member of Parliament, Andaman and Nicobar Islands, laid the foundation stones for the upgradation of two rural roads at Burmanallah and Indiranagar, Guptapara, on Oct. 28. The works have been sanctioned by the Government of India under the Pradhan Mantri Gram Sadak

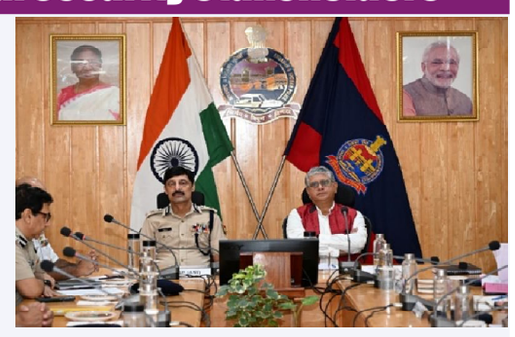

Yojana (PMGSY-III) scheme at a total estimated cost of approximately Rs. 13.50 crore. The name of these two road works are (i) Upgradation of rural road from Burmanallah to Pema Junction via Maccapahad, covering a length of 5.530 km, at

Seminar on Coastal Security of A&N Islands held with Coastal Security Stakeholders

Sri Vijaya Puram, Nov. 1

A seminar on Coastal Security of Andaman & Nicobar Islands and Interaction with Coastal Security Stakeholders was organised yesterday in the Conference Hall of A&N Police Headquarters, Sri Vijaya Puram, under the Joint Chairpersonship of Vice Admiral Biswajit Dasgupta, PVSM, AVSM, YSM, VSM (Retd.), National Maritime Security Coordinator (NMSC) and the Director General of Police, A&N Islands.

The seminar was attended by senior officers from A&N Administration, A&N Police and representatives of various stakeholders associated with coastal and maritime security in the Andaman &

SPORTS

India clinch T20I series 3-2 against New Zealand

Hamilton, Nov. 1

In Men's Cricket, hosts New Zealand defeated India by 7 wickets in the final T20 International of the five-match series in Hamilton. Chasing the target of 192 runs, New Zealand scored 195 for 3. Earlier, put into bat first, India posted 191 runs for the loss of 8 wickets in their allotted 20 overs.

Despite the defeat, India clinched the series 3-2. The Men in Blue won the first three matches, while New Zealand staged a comeback by securing victories in the final two games, including the fourth match in Auckland on Friday.

Five young chess players from Isles participate in Western Asian Youth Chess C'hips

Sri Vijaya Puram, Nov. 1

Five young chess players from A&N Islands participated in the Western Asian Youth Chess Championships 2026, held from October 21 to 30, 2026 at Ahmedabad, Gujarat. The championship had six age groups in Open and Girls sections with Standard Rapid and Blitz competitions. The island's players competed in the Under-8, Under-10 and Under-14 categories across three formats: Standard, Rapid and Blitz.

The Western Asian Youth Chess Championships brought together 595 young chess talents from various countries across the region.

Players' Performance

Standard Chess (9 Rounds)

1. Saw Jinson Samuel (Under-10) - 5/9 points
2. M Ritwik (Under-8) - 4.5/9 points
3. J S Virat (Under-16) - 4/9 points
4. S Eshaan (Under-10) - 3.5/9 points
5. T Easanth (Under-8) - 2.5/9 points

2. Rapid Chess (7 Rounds)

1. Saw Jinson Samuel (Under-10) - 4.5/7 points
2. S Eshaan (Under-10) - 3.5/7 points
3. M Ritwik (Under-8) - 3/7 points
4. J S Virat (Under-14) - 2.5/7 points
5. T Easanth (Under-8) - 2/7 points

3. Blitz Chess (7 Rounds)

1. Saw Jinson Samuel (Under-10) - 5/7 points
2. S Eshaan (Under-10) - 3/7 points
3. M Ritwik (Under-8) - 3/7 points
4. J S Virat (Under-14) - 2.5/7 points
5. T Easanth (Under-8) - 2/7 points

The Andaman Nicobar Chess Association (ANCA) has congratulated all five players on their efforts and participation, a press release from ANCA said.

DEO, SA organises Inter School Rope Skipping Competition

Sri Vijaya Puram, Nov. 1

The Sports Section, Deputy Education Office, South Andaman organised Inter School Rope Skipping Competition on Oct. 28 for Boys & Girls at GSSS Model Auditorium. About 300 students from various schools under the jurisdiction of Deputy Education Office, South Andaman had participated in the event.

RESULT

CATEGORY	NAME	CLASS	SCHOOL	POSITION
(I-V) BOYS	HASANUR GAZI	IV	GSSS RBV	FIRST
	JOY KERKETTA	III	GPS KRISHNA NAGAR, SWARAJ DWEEP	SECOND
	RAMAN MAHATO	V	GMS HUMFRYGUNJ	THIRD
(I-V) GIRLS	SEPHALI MONDAL	V	GSSS RBV	FIRST
	DEEPIKA BAGE	V	GMS DOLLYGUNJ	
	DARPAN PATNAYAK	V	GMS MARIAMMAN TEMPLE	SECOND
	SOHANA BISWAS	IV	GPS KRISHNA NAGAR, SWARAJ DWEEP	
	KASHIKA N TAWKER	V	SSS NCS	THIRD
(VI-X) BOYS	TABREZ	IX	GBSSS	FIRST
	DEBAJIT SEAL	VII	GMS KRISHNA NAGAR, SWARAJ DWEEP	SECOND
	DEEPANGSHU SEAL	VI	GMS KRISHNA NAGAR, SWARAJ DWEEP	THIRD
(VI-X) GIRLS	AAROHI	VIII	SSS NCS	FIRST
	LAKSMITA	IX	SSS VKV	SECOND

Seminar on Coastal Security of.....

(Contd. from page 1)

Nicobar Islands, providing a common platform for deliberations on prevailing maritime security concerns, operational preparedness and inter-agency coordination.

The programme commenced with the welcome address by DIGP (L&O)/CID, followed by a presentation on "Coastal Policing in A&N Islands" by SP(PMF)/SMSC, ANI, highlighting the existing coastal security arrangements, operational capabilities and the role of A&N Police Marine Force in safeguarding the extensive maritime boundaries of the Islands.

Thereafter, the Intelligence Bureau made a presentation on "Strategic Security and Vulnerabilities of A&N Islands", highlighting important security considerations in the strategically significant island territory. The Indian Coast Guard shared its perspectives on "Transnational Poaching and Maritime Narcotics Trafficking", while the Department of Fisheries made a presentation on "Fishermen as Eyes and Ears of Coastal Security", emphasising the important role of the fishing community in strengthening coastal surveillance and intelligence gathering.

The presentations were followed by an interactive session with coastal security stakeholders, during which various aspects of maritime security, operational coordination, and existing challenges were discussed.

The National Maritime Security Coordinator (NMSC) also addressed the gathering and appreciated the efforts of the A&N Police Marine Force in undertaking in-house repair and maintenance of marine assets, as observed during his visit to the PMF facilities. He further shared his valuable insights and guidance on strengthening the coastal security framework. He highlighted the vast geographical expanse of the Andaman & Nicobar Islands and emphasised the importance of effective inter-agency coordination to address existing gaps and ensure robust coastal security.

The seminar concluded with the valedictory address by the Director General of Police, A&N Islands, followed by the vote of thanks delivered by the Dy. SP (PMF), a press release from SP, PMF said.

Rashtriya Ekta Diwas-2026: A&N Police celebrates unity, camaraderie & team spirit through Bada Khana

Sri Vijaya Puram, Nov. 1

Andaman & Nicobar Police organized a Bada Khana at Police Lines, Sri Vijaya Puram yesterday, as part of the celebrations of Rashtriya Ekta Diwas-2026, commemorating the birth anniversary of Sardar Vallabhbhai Patel, the Iron Man of India. The gathering brought together officers and personnel from various units and formations in an atmosphere of unity, camaraderie and collective pride.

The occasion was marked by a vibrant cultural programme featuring colourful performances centred on patriotism, national integration and the spirit of Ek Bharat, Shreshtha Bharat. The performances reflected the rich cultural diversity of the country while reinforcing the values of unity, mutual respect and togetherness that form the foundation of a strong and cohesive police force.

Addressing the gathering, the Director General of Police, Andaman & Nicobar Islands, Shri Ravindra Singh Yadav, highlighted the significance of Rashtriya Ekta Diwas and called upon all officers and personnel to uphold the ideals of unity, integrity, discipline and national service. He appreciated the dedication, professionalism and commitment of the personnel in discharging their duties and emphasized the importance of teamwork, mutual trust and coordination in strengthening the organization.

The cultural performances added vibrancy to the celebrations and reinforced the shared values and collective identity of the force, a press release from SP, APU said.

Last date for submission of applications under the National Means-cum-Merit Scholarship Scheme for academic year 2026-27 extended till Nov. 15

New Delhi, Nov. 1 (PIB)

The Union Ministry of Education extended the last date for submission of applications under the National Means-cum-Merit Scholarship Scheme (NMMSS) for the academic year 2026-27 till November 15, 2026. The extension would provide eligible students additional time to complete their applications on the National Scholarship Portal (NSP) and facilitate timely verification by the concerned authorities.

The revised schedule is as follows:

Process	Last Date
Submission of Application	November 15, 2026
Institute Nodal Officer (L1) Verification	November 30, 2026
District Nodal Officer (L2) Verification	December 15, 2026

The National Scholarship Portal (NSP) has been open for student applications since June 1, 2026. Students are required to complete their One-Time Registration (OTR) on the portal before applying for the Scholarship. As on 30.10.2026, 90,483 fresh and 1,99,531 renewal applications had been submitted.

Students who have already submitted their applications should ensure that the applications are verified by the concerned Institute Nodal Officer (L1) by November 30 and District Nodal Officer (L2) by December 15, 2026.

NMMSS is aimed at supporting meritorious students from economically weaker sections and encouraging them to continue their education beyond Class VIII up to Class XII.

The scheme provides one lakh fresh scholarships every year to eligible Class IX students who qualify in the selection examination conducted by the respective State/UT Governments. The scholarship is subsequently continued from Classes X to XII through renewal, subject to the prescribed academic requirements.

Eligible students studying in state Government and Government-aided schools and also schools managed by local self governments, receive Rs.12,000 per annum, which is transferred directly to their bank accounts through DBT.

For appearing in the selection test, students must have secured at least 55 per cent marks or equivalent grade in Class VII, with a 5-percentage point relaxation for SC/ST students. The parental income of the applicant should not exceed Rs.3.50 lakh per annum.

ASF awareness prog. organised at GSSS Manglutan

Sri Vijaya Puram, Nov. 1

An awareness programme on African Swine Fever (ASF) was conducted at GSSS, Manglutan, Oct. 29 by the Department of Animal Husbandry & Veterinary Services through Veterinary Dispensary, Manglutan. The Senior Veterinary Officer, Veterinary Dispensary, Manglutan, addressed the students and explained the nature of African Swine Fever, a highly contagious viral disease affecting pigs. Students were informed that ASF does not infect humans and poses no direct risk to human health, but it can cause serious losses to pig health and the livelihoods of pig-rearing families.

The session focused on recognizing warning signs such as high fever, loss of appetite, weakness, skin discoloration and sudden death in pigs. Important routes of disease transmission, including contact with infected pigs and movement of contaminated footwear, equipment or pork products, were explained in simple terms. The students were sensitized to essential precautions, including avoiding contact with sick or dead pigs, informing parents or teachers about suspected cases, and ensuring that the Veterinary Department is alerted promptly.

The programme formed part of the ongoing ASF public-awareness and disease-prevention activities being undertaken by Veterinary Dispensary, Manglutan. Students were encouraged to share accurate preventive messages with their families and communities, a press release from Dept. of AH&VS said.

School of Nursing holds lamp lighting and oath-taking ceremony for 22nd batch

Sri Vijaya Puram, Nov. 1

The School of Nursing, Sri Vijaya Puram, celebrated the Lamp Lighting and Oath-Taking Ceremony of its 22nd batch of GNM students on Oct. 30 at Lecture Hall 2 of ANIIMS. The chief guest, Dr. Avijit Roy, Deputy Director (Health), encouraged the students to bring a humane touch to every word and deed, reminding them that nursing is not merely a profession but a commitment to humanity.

The highlight of the ceremony was the administration of the Nightingale Pledge to the first-year GNM students by Smt. Johena Riaz, Matron, G.B. Pant Hospital, symbolising their commitment to compassionate, ethical and dedicated nursing care. Addressing the gathering, the guest of honour, Dr. Subrato Saha, Project Director, ANACS, urged the students to uphold the values of selfless service, dedication and compassion in caring for the sick and vulnerable. Dr. Shiny Varghese, Principal, School of Nursing, extended her wishes to the newly inducted students, a press release from DHS said.

AC Mayabunder to hold Public Facilitation Camp today

Mayabunder, Nov.1

As part of 'Lieutenant Governor 's Grievance Redressal Day', the first day of every month has been proposed for the timely and effective disposal of public grievances, problems and service- related application. Assistant Commissioner will organize Public Facilitation Camp on 2.11.2026 in the Conference Hall of the District Office, Mayabunder at 11 AM. All PRI Members of Mayabunder Tehsil have been requested to give wide publicity to this camp, a press release from DC, N&M Andaman said.

Hon'ble MP lays foundation stones.....

(Contd. from page 1)

an estimated cost of Rs. 6.68 crore (ii) Upgradation of rural road from SH-10 to Guptapara-II Community Hall, at an estimated cost of approximately Rs. 6.82 crore. The sanctioning of these projects under PMGSY-III by the Government of India is therefore a significant step towards improving rural road connectivity and providing better transportation facilities to the people of the area.

As per the contract agreements executed between the Public Works Department (PWD) and the contractors, the roads will carry a five-year maintenance guarantee period, during which the contractors will be responsible for ensuring their proper maintenance in accordance with the contractual conditions.

The Hon'ble MP expressed his gratitude to the Hon'ble Prime Minister, Shri Narendra Modi Ji, Hon'ble Lt. Governor and officials of UT Administration for sanctioning these important road development projects and hoped that the works would be completed within the stipulated time frame, ensuring durable and improved road connectivity for the benefit of the people, a press release from Office of the MP said.

Zonal Level Exhibition held at PM Shri GSSS Campbell Bay

Campbell Bay, Nov. 1

The zonal level Science, Maths, Art & Craft exhibition - Innovision 3.0 was organized yesterday at PM Shri Government Senior Secondary School, Campbell Bay. In his inaugural address, the chief guest, Shri Ravi Kant, DFO Nicobar Division motivated the students to pursue scientific curiosity, creativity, scientific temperament and excellence. Shri E. S. Rajesh, Pramukh, Campbell Bay, was the guest of honour.

Following the inauguration, guests witnessed the diverse exhibits prepared by students. In addition to this, the Atal Tinkering Lab, was inaugurated in the presence of the chief guest and others, marking a significant step toward fostering innovation and hands on learning among students, a press release from GSSS Campbell Bay said.

Applications invited for leasing of designated sea areas notified under A&N Island Marine Fishing Rules for undertaking Open Sea Cage Culture, Seaweed farming and Pearl Culture

Sri Vijaya Puram, Nov. 1

The Directorate of Fisheries, A&N Administration, Sri Vijaya Puram, A&N Islands has invited applications for leasing of designated sea areas notified under A&N Island Marine Fishing Rules, for undertaking Open Sea Cage Culture, Seaweed farming and Pearl Culture.

For application form, eligibility, terms and conditions and details of designated sea area, visit official website of the A&N Administration (https://andamannicobar.gov.in/). The last date of submission of application physically to the Directorate of Fisheries or through email (dirfish.and@nic.in) is on or before November 15, 2026, a press release from Directorate of Fisheries said.

Fish farmers & other stakeholders urged to use quality-assured, nutritionally balanced formulated aqua feeds

Sri Vijaya Puram, Nov. 1

The Directorate of Fisheries has advised all fish farmers, hatchery operators, aquaculture entrepreneurs and other stakeholders to refrain from using slaughter waste, poultry offal, animal carcasses and other untreated animal-origin waste materials as feed in aquaculture farms. The use of such materials may increase the risk of harmful pathogens, including Salmonella and E.coli, contaminate aquaculture systems, deteriorate water quality and pose potential risks to fish health, consumer safety and the aquatic environment.

All concerned have been advised to use quality-assured, nutritionally balanced formulated aqua feeds and adopt Good Aquaculture Practices (GAqP), including proper farm hygiene and water quality management. Fish farmers and stakeholders are requested to strictly follow this advisory and cooperate with the Department in promoting safe, hygienic, sustainable and responsible aquaculture practices in the A&N Islands, a press release from Directorate of Fisheries said.

GSLV-F18/NVS-03 MISSION

STRENGTHENING INDIA'S INDIGENOUS NAVIGATION CAPABILITIES

NVS-03 Mission: Expanding the Horizon of NavIC

The Indian Space Research Organisation (ISRO) successfully accomplished the GSLV-F18/NVS-03 mission on 30 October 2026 at 23:51 hours from the Satish Dhawan Space Centre (SDSC), Sriharikota.

The GSLV-F18 launch vehicle injected the Navigation Satellite NVS-03 into a precise Geosynchronous Transfer Orbit (GTO). Subsequently, first orbit manoeuvre completed on 31 October 2026 at 16:48 hours. Further manoeuvres are planned to place it in its designated geosynchronous orbital slot at 111.75° East.

The satellite is the third in India's series of five next-generation Navigation satellites and is designed to strengthen the Navigation with Indian Constellation (NavIC), enhancing India's capabilities in satellite-based navigation.

Did You Know? A spacecraft destined for geosynchronous or geostationary orbit is generally first placed in an elliptical Geosynchronous Transfer Orbit (GTO). This orbit has a low perigee (closest point to Earth) and a high apogee (farthest point from Earth). For a conventional GTO, the apogee is approximately 35,786 km above Earth's surface. Near apogee, the spacecraft fires its onboard propulsion system to raise its perigee and circularise its orbit. Additional manoeuvres may adjust its orbital inclination and position, depending on the target orbit. The propulsion system used for these orbit-raising manoeuvres is commonly called an Apogee Motor. In the case of NVS-03, the orbit-raising manoeuvre was performed using its Liquid Apogee Motor (LAM), a type of chemical rocket engine.

Key Highlights of the Mission

⇨ Successful Launch: GSLV-F18 placed NVS-03 into its intended Geosynchronous Transfer Orbit (GTO). This marks another milestone in India's efforts to strengthen its satellite navigation infrastructure.

⇨ 20th GSLV Flight: The mission marks the 20th flight of India's Geosynchronous Satellite Launch Vehicle. It demonstrates the continued operational use of India's launch vehicle for strategic space missions.

⇨ Next-Generation Series Satellite: NVS-03 is the third satellite of second-generation NavIC satellites (NVS-01 to NVS-05). These satellites are designed to strengthen the coverage, accuracy and reliability of India's regional navigation system.

Satellite Navigation System

A Satellite Navigation System is a network of satellites that provides positioning, navigation and timing information. These satellites continuously transmit signals containing their location and precise timing information. Receivers, such as smartphones, vehicles and navigation devices, use signals from multiple satellites to determine their precise location, speed and direction. These systems support several applications, including route naviiesation, aircraft and ship tracking, precision agriculture, disaster management and telecommunications. Examples include the Global Positioning System (GPS) of the United States, and Navigation with Indian Constellation (NavIC) of India.

⇨ Enhanced Navigation Signals: NVS-03 carries navigation payloads in the L1, L5 and S frequency bands. The inclusion of the L1 signal alongside the L5 and S signals continues to enhance NavIC's capabilities and compatibility. It supports navigation coverage across India's landmass and a region extending 1,500 km beyond its geopolitical boundary.

⇨ Using multiple frequency bands allows compatible receivers to access signals transmitted at different frequencies. It also provides options for designing receivers suited to different applications and operating conditions.

Navigation Signals and Their Frequency Bands

Navigation signals are radio-frequency signals transmitted by navigation satellites to receivers on Earth. These signals carry precise timing information and satellite-position data. Receivers use this information to calculate their location, speed and time. Frequency bands are specific ranges of radio frequencies used to transmit these signals. Satellite navigation systems use designated portions of the radio-frequency spectrum. Different bands allow signals to be transmitted and received at different frequencies.

⇨ Indigenous Technology: NVS-03 carries an indigenously developed atomic clock alongside procured atomic clocks. These clocks provide highly precise time references for navigation signal generation. Accurate timing is essential for determining signal travel times and calculating user positions.

⇨ Wider Applications: NVS-03 strengthens India's independent Positioning, Navigation and Timing (PNT) capabilities. These capabilities support applications across transportation, maritime operations, aviation, disaster management, precision agriculture and strategic services. Read more on Strengthening India's Space Sovereignty

Geosynchronous Satellite Launch Vehicle (GSLV)

The Geosynchronous Satellite Launch Vehicle (GSLV) is a three-stage launch vehicle developed by the Indian Space Research Organisation (ISRO) to place satellites into Geosynchronous Transfer Orbit (GTO) and Low Earth Orbit (LEO). The feature that makes GSLV unique from other launch vehicles is its final stage, which uses an indigenous Cryogenic Upper Stage. Additionally, the boosters used in GSLV are liquid-powered, popularly known as L-40, and use a hypergolic combination of Nitrogen Tetroxide (N2O4) and UH25 (a mixture of 75% Unsymmetrical Dimethylhydrazine (UDMH) and 25% Hydrazine Hydrate) Read More on GTO.

The GSLV-F18 stands approximately 50 metres tall, with a lift-off mass of around 420 tonnes. It features a 3.4-metre-diameter metallic payload fairing and successfully carried the approximately 2,250 kg NVS-03 navigation satellite.

Cryogenic Upper Stage: A cryogenic upper stage is the final stage of a launch vehicle that uses these propellants to provide the high efficiency needed to place satellites into their intended orbits. ISRO's indigenous cryogenic upper stage used on GSLV employs liquid hydrogen (LH2) as fuel and liquid oxygen (LOX) as oxidiser, both stored at extremely low temperatures. It replaced the Russian-supplied stage used in earlier GSLV flights, strengthening India's self-reliance in advanced launch vehicle technology.

Understanding NavIC: India's Indigenous Navigation System

⇨ NavIC is India's regional satellite navigation system, developed by the Indian Space Research Organisation (ISRO).

⇨ It was earlier known as the Indian Regional Navigation Satellite System (IRNSS).

⇨ The system provides Position, Navigation and Timing (PNT) services to users.

⇨ NavIC was originally designed with a seven-satellite constellation supported by a network of ground stations operating round the clock. Its architecture comprises three satellites in geostationary orbit and four in inclined geosynchronous orbit. The NVS series is being deployed to augment the existing constellation and ensure continuity of navigation services.

⇨ NavIC covers the Indian landmass and a region extending approximately 1,500 km beyond India's geopolitical boundary.

⇨ The NVS series adds L1 to the legacy L5 and S signals.

Two Types of Navigation Services

NavIC provides two types of navigation services to cater to civilian and authorised strategic users.

⇨ Standard Positioning Service (SPS): An open navigation service available to civilian users. NavIC SPS signals are interoperable with the other global navigation satellite system (GNSS) signals like GPS (USA), Glonass (Russia), Galileo (EU) and BeiDou (China).

⇨ Restricted Service (RS): An encrypted navigation service available exclusively to strategic users.

Progress of the Next-Generation Navigation Satellite Series

The five-satellite NVS series is being developed to augment the NavIC constellation and ensure continuity of indigenous navigation services. To date, NVS-01, NVS-02, and NVS-03 have been launched, while NVS-04 and NVS-05 are in the pipeline. ISRO is working to boost the coverage, reliability and availability of NavIC services. Read more on India's Space Odyssey

NVS-01 – First Satellite of the Next/Second-Generation Series

⇨ GSLV-F12, the 15th flight of India's GSLV, placed NVS-01 into a Geosynchronous Transfer Orbit.

⇨ NVS-01 was launched on 29 May 2023. It is the first satellite of the second-generation NavIC series. It is designed to ensure continuity of legacy NavIC services.

⇨ It carries navigation payloads in the L1, L5 and S bands.

⇨ Its lift-off mass is about 2,232 kg.

⇨ The mission life of NVS-01 is 12 years.

⇨ It carries an indigenously developed Rubidium atomic clock, built by the Space Applications Centre, Ahmedabad.

NVS-02 – Second Satellite of the Series

⇨ NVS-02 was launched on 29 January 2025 aboard GSLV-F15.

⇨ It carries L1, L5 and S band navigation payloads, plus a C-band ranging payload.

⇨ NVS-02 has a lift-off mass of 2,250 kg.

⇨ It uses a mix of indigenous and procured atomic clocks for precise time estimation.

⇨ After launch, orbit-raising could not be carried out because the oxidiser valves did not open. As a result, the satellite could not reach its intended orbital slot.

NVS-04 and NVS-05 – Upcoming Satellites

NVS-04 and NVS-05 are the fourth and fifth satellites planned in the second-generation NavIC series.

Like the earlier NVS satellites, they are expected to carry the L1 signal alongside L5 and S. Both are envisaged to offer enhanced navigation capabilities.

One More Step Towards India's Space Sovereignty

The successful development and deployment of next-generation NavIC satellites mark another milestone in India's journey towards Atmanirbhar Bharat in advanced space technology. By strengthening indigenous satellite navigation capabilities, India is enhancing its ability to provide reliable positioning, navigation and timing services independently. These advancements reduce dependence on foreign satellite navigation systems for critical applications. They also strengthen India's technological capacity to design, develop and operate strategic space infrastructure. These efforts reinforce India's space sovereignty, technological self-reliance and growing role in the global space sector.

PRESS NOTE

Reference is invited to the press release published in 'The Daily Telegram' dated 25.10. 2026 regarding uploading of provisional ineligible and eligible candidate list for recruitment of Group 'C' Industrial post of 'Mazdoor' and other Group 'C' Non-Ministerial Posts (Raftman, Grader, Asst. Sawyer, Beltman, Oiler, Timber Recorder, Tallyman, Grinder) on the official recruitment portal of Andaman and Nicobar Administration and inviting claims/objection, if any, from the ineligible candidates.

Upon examination of the claims/objections received from the provisionally ineligible candidates, in accordance with the provisions of the recruitment advertisement and the applicable Recruitment Rules (RRs), the final lists of provisional eligible and ineligible candidates have been uploaded on the official recruitment portal of the Andaman & Nicobar Administration at https://erecruitment.andamannicobar.gov.in/ for the information of all concerned.

Disclaimer:

(i) The list of eligible candidates is purely provisional. The final eligibility of each candidate shall be determined only after verification of the original documents, either after declaration of the result or at any other appropriate stage of the recruitment process, as applicable. Inclusion of a candidate's name in the provisional list shall not be construed as confirmation of the validity, authenticity or acceptance of the documents furnished by the candidate, nor shall it confer any right or claim to final selection or appointment.

(ii) The category (ST/OBC) indicated against each candidate is based solely on the information furnished in the application form and shall not be construed as confirmation of eligibility under the claimed category. Such eligibility shall be subject to verification in accordance with the applicable Government orders and the relevant provisions of the vacancy notice.
