Lok Sabha passes Excise Bill 2025 to raise excise duties and cess on tobacco products

New Delhi, Dec. 3

The Lok Sabha has passed the Central Excise (Amendment) Bill, 2025. The proposed law aimed to amend the Central Excise Act, 1944, specifically to raise excise duties and cess on tobacco products such as cigarettes, cigars, hookah tobacco, chewing tobacco, zarda and scented tobacco. The Act provides for the levy and collection of central excise duties on goods manufactured or produced in the country. The Bill aims to revise the rate of central excise duty on tobacco and tobacco products to keep taxes on these products at the existing level. The Bill increases central excise duty on unmanufactured tobacco, manufactured tobacco, tobacco products, and tobacco substitutes. The amendment is required

to give the Government the fiscal space to increase the rate of central excise duty on tobacco and tobacco products so as to protect tax incidence, after the cess ends. Replying to a debate on the Bill, Union Finance Minister, Ms. Nirmala Sitharaman said, this is not a new law and not even an additional tax. She said, it is not a cess but it is an excise duty which

existed before GST. She said, even after GST came into effect, compensation cess rates remained unchanged from July 2017 to 2024. Ms Sitharaman said, tobacco rates were increased annually prior to implementation of GST. She said, this was primarily due to health-related concerns, as higher prices or taxes were intended to act as a deterrent so that

people would not get into the habit of tobacco consumption. The Minister said, the country's total incidence on cigarettes is 53 per cent of the retail price. She said, compensation cess is reverting back to the Centre to be collected as Excise duty, which will be redistributed to the States in the form of 41 per cent tax devolution. Ms Sitharaman said, there have been efforts

in the past and even now, to make farmers aware of the harm of growing tobacco. She said, the crop diversification programme under the Rashtriya Krishi Vikas Yojana covers 10 major tobacco growing States. The Minister said, over one lakh 12 thousand acres of land have been shifted from cultivation of tobacco to other crops between 2018 to 2021-22.

Earlier, initiating the discussion, Dr D Purundeswari of BJP said that Tobacco addiction is a major problem in the country as an estimated 1.35 million deaths occur annually due to cancer, heart and lungs related diseases. She said, country accounts for almost one-sixth of the world's tobacco-related deaths. (Source: newsonair.gov.in)

Through constant surveillance, seamless coordination and unmatched professionalism, our naval forces protect key sea lines of communication, uphold national interests and promote peace and stability across the Indian Ocean Region. The recent induction of frontline platforms such as Surat, Nilgiri, Udaygiri, Vagsheer, and Mahe reflects the nation's firm commitment to Atmanirbhar Bharat and Make in India, with these advanced warships conceptualised, designed, and built in Indian shipyards.

The A&N Islands, due to their unique strategic location, continue to hold immense importance in our maritime security framework. The Navy's strong and proactive presence in the islands ensures the safety of international sea lanes, protection of maritime trade and effective conduct of anti-poaching operations - significantly strengthening our maritime security.

The Navy's contributions extend well beyond defence and security. Its cooperation with friendly nations, participation in multinational exercises, community-oriented initiatives and exemplary humanitarian assistance and disaster relief operations reflect India's values of friendship, service and global responsibility.
