

## Rainwater Harvesting- 'Catch the rain initiative'

# Raj Niwas leads the way: Six Rainwater Harvesting Tanks with total storage capacity of 15,28,000 litres installed in its precinct

Port Blair, Feb. 9 'Catch the Rain' initiative for rain water harvesting was launched by the Ministry of Jal Shakti with the tagline 'catch the rain, where it falls, when it falls' to conserve rainwater. As part of this campaign, Raj Niwas, Port Blair has installed six Rainwater Harvesting Tanks (RWH), 3 of which have a capacity of 5 lakh litres each and with a total storage capacity of 15,28,000 litres. As per the prevailing charges of PBMC, the total storage capacity of water is equivalent to worth Rs. 3,89,640.00/- The requirement of Raj Niwas complex

can be fully met from the rainwater and the excess water of RWH Tanks is supplied to the APWD Water Treatment Plant,

which is subsequently supplied to nearby areas after treatment. The RWH Tanks constantly get

replenished and topped up, everytime it rains. Water is the elixir of life and rainwater harvesting is the

simplest and most affordable way to conserve water, improve soil moisture, raise groundwater table

and to ensure the water availability in dry season. Further, rainwater is absolutely without any impurities and safe for all types of use including drinking & cooking. Through rainwater harvesting, water is collected and stored rather than letting it go waste in the stormwater drains. This initiative by Raj Niwas will give further momentum to rainwater harvesting in A&N Islands, alongwith the now mandatory requirement of creating RWH capacity in all newly constructed buildings both in the PBMC areas, as also in the RD Sector, a press release from Secretary (APWD) said.

transactions have been recorded in the States/UTs under ONORC up to 31<sup>st</sup> January, 2022. As part of the Concurrent Evaluation of the implementation of National Food Security Act (NFSA) and Targeted Public Distribution System (TPDS) operations through Monitoring Institutes (MIs), which are esteemed universities and institutions of national repute, the Department has conducted assessments of the implementation of the ONORC plan in States/UTs in a phased manner. Also, from the large volume of portability transactions under ONORC, it is evident that the beneficiaries are leveraging the facility of ration portability to access their NFSA as well as PM-GKAY foodgrains from any FPS of their choice, without being dependent on the tagged ration shop in the ration card. Such a flexibility was not available earlier under the traditional TPDS operations when beneficiaries had to lose their food security benefits in the event of migration or being away from their village/town or designated FPS.
