India should cash in on inexperienced Aussie attack: Gavaskar

New Delhi, Jan 11
Former captain Sunil Gavaskar on Monday said the Indian team will have an advantage in the upcoming five-match ODI series against Australia as the home team's bowling attack looks thin in the absence of the 'Two Mitchells' — Johnson and Starc.

believes that M.S. Dhoni and his men should cash in on that opportunity. "The two Mitchells — Johnson and Starc, who have been such an integral part of the team are not there, which makes Australia's new-ball attack inexperienced. If the Indian team can get off to a good start, they will not be easy to beat. The first two matches will be important as you need a good start," Gavaskar

said a TV channel on Monday. Gavaskar also feels that the Australian batting line-up has also undergone change with Michael Clarke's retirement and Shane Watson not being picked. "This is not the same side that won the World Cup. There is no Michael Clarke, there is no Watson. But once Aussies get a sniff, they are a difficult team to beat."
