Swearing-in-ceremony at Lok Niwas

Dr. Dinesh Sharma to be sworn in as 14th Lt. Governor of Andaman & Nicobar Islands today

Sri Vijaya Puram, Sept. 14

Dr. Dinesh Sharma will be sworn in as the 14th Lt. Governor of Andaman & Nicobar Islands tomorrow (Sept. 15). The swearing-in-ceremony of the Lt. Governor (Designate) will be held at 11.30 am at Lok Niwas. The Chief Justice of Calcutta High Court, Hon'ble Justice Ravindra Vithalrao Ghuge will administer the Oath of Office and Oath of Secrecy to the Lt. Governor (Designate). The Chief Secretary, A&N Administration, Shri Gyanesh Bharti will read out the Warrant of Appointment.

Later, the Hon'ble Lt. Governor of A&N Islands, Dr. Dinesh Sharma will visit the National Memorial Cellular Jail at 1 pm and lay wreath at the Martyr's Column there. He will also visit Veer Savarkar Cell and pay homage to Veer Savarkar.

Profile of Lt. Governor (Designate)

Name: (Prof.) Dr. Dinesh Sharma
(Professor, Department of Commerce, University of Lucknow, Lucknow)
Date of Birth: 12th January, 1964
Father's Name: Late Kedarnath Sharma "Padha Ji"
Mother's Name: Late Shanti Sharma
Spouse: Dr. Jai Lakshmi Sharma, Professor, University of Lucknow
Religion: Hindu
Caste: Gaud-Brahmin
Permanent Address: 268/10, Master Kanhaiyalal Road, Aishbagh, Lucknow (UP)
POSTS
> Former Deputy Chief Minister, Government of Uttar Pradesh, holding the portfolios of Secondary and Higher Education, Science & Technology, Electronics and Information Technology and Former Leader of the House, UP Legislative Council from 2017 to 2022.
> Former National Vice-President, Bharatiya Janata Party, and In-charge of Gujarat Pradesh, from 2014 to 2018.
> Former National Membership Head, Bharatiya Janata Party, during 2014-15, when the BJP became the world's largest political party in terms of membership, as recorded in the Guinness Book of Records.
Mayor, Lucknow Municipal Corporation:
1. From 2006 to 2012; honoured with "Most Honourable Mayor" at the World Mayor Conference in Jerusalem, Israel.
2. From 2012 to 18 March 2017; created a record by securing the highest number of votes for a Mayor for the second time, as recorded in the Limca Book of Records.
> Observer, Haryana Pradesh - Chief Minister selection.
> Observer, Rajasthan Pradesh - State President, BJP election.
> President, U.P. Mayor Council, from 2007 to 18 March 2017.
> Office Coordinator and Member, Election Management Committee of the Lok Sabha constituency of Hon'ble Shri Atal Ji, former Prime Minister.
> Lok Sabha Election Coordinator, twice, for Hon'ble Shri Rajnath Singh, former National President of the Bharatiya Janata Party.
> Member, National Executive Committee, Bharatiya Janata Party.
> Former Vice-President, Bharatiya Janata Yuva Morcha, Uttar Pradesh.
> Former President, Bharatiya Janata Yuva Morcha, Uttar Pradesh, for three terms (1992-1998).
> Former In-charge, Bharatiya Janata Yuva Morcha, Uttar Pradesh.
> President, Lucknow Metropolitan Students' Council (Year 1988).
> Member, State Working Committee, Bharatiya Janata Party, Uttar Pradesh.
> Former Member, Legislative Council (MLC), Uttar Pradesh, on two occasions:
9th September, 2017 to 30th January, 2021
31st January, 2021 to 13th September, 2023
> Member of Parliament, Rajya Sabha, Uttar Pradesh.
> National Coordinator, Lok Sabha Elections (Expansion/Extension Programme).
> Convener, First Sub-Committee, Parliamentary Official Language Committee, Government of India.
> Presiding Officer (Vice Chairperson, Rajya Sabha).
> Member, Subordinate Legislation Committee, Government of India.
> Member, Finance Committee, Government of India.
> Member, Committee on Papers Laid on the Table and Evidence, Government of India.
> Member, Central Hindi Committee, Government of India.
> Member, Advisory Committee, Ministry of Housing and Urban Affairs, Government of India.
> Member, All India Institute of Medical Sciences (AIIMS), Gorakhpur.
> Member, Anjuman (Court), Jamia Millia Islamia University.
> Member, Railway Users' Consultative Committee, Ministry of Railways.
> Member, Banaras Hindu University Court.

Educational Qualification
1. High School, Intermediate, B.Com. and M.Com., securing First Division in all examinations, with distinction in several subjects. Diploma in Public Administration (DPA).
2. Higher research work on the subject "Present Status and Problems of the Paper Industry in India, with special reference to Uttar Pradesh", leading to the award of Ph.D. by the University of Lucknow.
3. Author of six books as an educationist and has published more than three dozen research papers.
4. As a research supervisor, supervised more than twenty-three research scholars for their Ph.D. degrees.

Administrative Experience
1. Former Mayor, Lucknow (for nearly eleven years) and former President, U.P. Mayor Council, Uttar Pradesh.
2. Former Member, National Youth Commission, Government of India, New Delhi.
3. Former Chairman/Vice-Chairman, Tourism Corporation, Government of Uttar Pradesh.
4. Former Member, Steering Committee, National Reconstruction Youth Corps, Ministry of Youth Affairs and Sports, Government of India, New Delhi.
5. Former Member, Academic Council, Lok Nayak Institute of Physical Education (LNPE), Gwalior, Madhya Pradesh, Government of India.
6. Former Vice-President, First Afro-Asian Games, New Delhi (Finance Committee), Government of India.
7. Former Member, Organising Committee, National Youth Festival, Government of India, New Delhi.
8. Former Secretary, Indian Education Board.
9. Member/office-bearer of 15 religious and social organisations of Lucknow.
10. Election Coordinator for the election of Hon'ble Shri Kalraj Mishra and the Lucknow Lok Sabha election of Hon'ble Shri Lalji Tandon.
11. Initially served as Adhyaksh of the Aishbagh Ward, Lucknow, and subsequently as Up-Adhyaksh of the Central Mandal, Lucknow, BJP.
12. Co-In-charge, Vishwa Samvad Kendra, Lucknow.

Former Managing Editor: Seva Chetna magazine.
Former Editor: 1. Dharma Kaliyug 2. Attention, a monthly magazine.

Foreign Visits
Travelled to the United States of America, Mauritius, Israel, Nepal and other countries as a research scholar and for social and administrative assignments, including participation in international seminars and conferences, presentation of research papers and delivering addresses. Visited European Countries viz. Macedonia, Moldova, Romania along with Hon'ble President on official visit.

Honours
1. Honoured with the title of "Most Honourable Mayor" at the World Mayor Conference held in Jerusalem, Israel, attended by representatives from 71 countries.
2. Honoured by the Governor (Chancellor) in 2001 for distinguished service and contribution to society.
3. The International Council on National Youth Policy (ICNYP), Vienna, Austria, honoured the National Youth Commission for its work relating to youth affairs with the ICNYP Award. Dr. Dinesh Sharma was a member of the National Youth Commission.
4. Conferred the "Peace Ambassador" (Peace Ambassador) Award by the Universal Peace Federation, Korea, at an international conference of representatives from 74 countries, in Kathmandu, Nepal, by the Vice-President of Nepal.
5. Name was entered in the Limca Book of Records for winning a municipal mayor election with the highest number of votes.

Membership
> Life Member, World Association for Vedic Studies (WAVES), USA.

Aarogya Setu 2.0: empowering citizens with secure, consent-based digital health services

Sri Vijaya Puram, Sept. 14

Aarogya Setu 2.0, launched by the Union Minister for Health & Family Welfare, Govt. of India on 29th June, 2026, is an important Personal Health Record (PHR) application available under the Ayushman Bharat Digital Mission (ABDM), bringing together a range of digital health services to make healthcare information and services more accessible and convenient for citizens.

Aarogya Setu 2.0 is a digital health application that helps citizens create and manage their ABHA (Ayushman Bharat Health Account) and securely access their digital health records. It provides consent-based sharing of health information, allowing

users to control who can access their records. The app also uses AI and OCR technology to digitise paper-based medical documents and convert them into structured digital records. Other features include Smart Reports, Scan & Register for healthcare facilities, Scan & Pay, appointment booking, teleconsultation,

health and wellness tracking, healthcare facility discovery, PM-JAY information, family health management, blood availability, and AI-based health insights. It works as a citizen-facing platform within the Ayushman Bharat Digital Mission (ABDM), making healthcare information (Contd. on last page)

DDK to live stream Swearing in Ceremony of Lt. Governor (Designate)

Sri Vijaya Puram, Sept. 14

The Swearing in Ceremony of Lt. Governor (Designate) of Andaman & Nicobar Islands, Dr. Dinesh Sharma will be streamed Live through the official YouTube channel of Doordarshan Kendra Sri Vijaya Puram (@ddksrivijayapuram) from 1130 hrs to till the end of the function on 15.09.2026. Live coverage will be simultaneously available on Terrestrial and Satellite mode also, a press release from DDK, Sri Vijaya Puram said.

Swachhata Awareness Prog. organised by State Child Protection Society

Sri Vijaya Puram, Sept. 14

The Directorate of Social Welfare, State Child Protection Society (SCPS) under Mission Vatsalya, organized a Swachhata Awareness Programme for children from Government-run and NGO-run Child Care Institutions (CCIs) under the theme "UDAAN: My Voice, My Dream, My Future - Towards a Clean and Healthy Tomorrow" on 12th September, 2026 at Seva Niketan, Child Care Institution, Dairy Farm. A total of 159 beneficiaries, comprising children and staff from various Government-run and NGO-run Child Care Institutions viz. Balika Niketan, Capstone, Love Children Home, Apostolic Needy Children (Contd. on last page)

Agriculture Department intensifies Farmer Registry Drive across A&N Islands

Sri Vijaya Puram, Sept. 14

The Department of Agriculture, A&N Administration, is undertaking a comprehensive drive for creation of Farmer IDs and enrolment of eligible farmers in the Farmer Registry across the Andaman and Nicobar Islands. The initiative is aimed at establishing a digital identity for farmers and facilitating their seamless access to PM-KISAN and other Government schemes,

subsidies, agricultural conducting enrolment services and benefits. Field functionaries of the Department are villages to ensure (Contd. on last page)

Dhiraj Bommadevara creates history, becomes first Indian man to win Archery World Cup final

Saltillo, Sept. 14

Sixteen years after Jayanta Talukdar put India on the podium, Dhiraj Bommadevara finally gave the country another landmark moment in the men's recurve division, holding his nerve in a shoot-off to become the first Indian male archer to win the Archery World Cup Final.

The 25-year-old Army archer, ranked World No. 10, prevailed over Japan's Nakanishi Junya 6-5 in a final that went down to the wire in Saltillo. With the contest locked at 5-5 after five sets, Dhiraj produced a 10 in the shoot-off before Nakanishi managed a nine to seal the gold in Saltillo, Mexico.

It was a breakthrough that had eluded Dhiraj in his

two previous World Cup Final appearances. He had returned from the 2023 and 2024 editions without a medal, but this time navigated the knockout rounds with authority before finding himself in a tense title battle against World No. 20 Nakanishi. Neither archer was willing to give ground in the final. The scores read 28-28, 28-29, 29-28, 28-30, and 28-27 across the five sets, leaving the gold to be decided by

previously won bronze in Edinburgh in 2010, but no Indian man had gone all the way to gold since the tournament's inception. India's only other individual World Cup Final champion remains Dola Banerjee, who captured the women's title in Dubai in 2007. Dhiraj's triumph, therefore, marks India's first World Cup Final gold since Banerjee's success 19 years ago.

the smallest of margins. Dhiraj's victory also rewrote India's record at the prestigious season-ending event. Talukdar had

Island Cycling Tour-2026 to be organised from National Memorial Cellular Jail to Jirkatang on Sept. 19

Sri Vijaya Puram, Sept. 14

The Department of Sports & Youth Affairs, in collaboration with the Directorate of Education and Directorate of Information, Publicity & Tourism and SAI is organizing the Island Cycling Tour-2026 on 19th September, 2026 as part of the initiatives for the promotion, development and marketing of tourism in the Islands. The cycling tour will commence from National Memorial Cellular Jail at 9 AM.

Route: Cellular Jail-Water Sports Complex-Swimming Pool-Flag Point-Corbyn's Beach-Austina-bad-Prothrapur - Bathubasti - Garacharma- Sippighat - Chouldari - Tusnabad-Ferrargunj - Jirkatang.

Return Route: Jirkatang - Ferrargunj - Nayapuram - Kanyapuram - Wimberlygunj

- Bambooflat Jetty - Sri Vijaya Puram by boat. Interested participants are advised to duly fill in and sign the Entry & Declaration Form and submit the same at the Office of Netaji Stadium, Sri Vijaya Puram, on or before 18.09.2026 by 5 PM.

Participants shall participate with their own cycle and complete cycling kit, including helmet, suitable sports attire, water bottle and other essential personal safety gear. Participants are requested to submit the duly filled-in form within the stipulated time for registration and necessary arrangements. For further details, participants may contact: Shri Abdul Khalid: 9434290640 & Shri Asmaan Besra: 9474229201, a press release from Deptt. of Sports & Youth Affairs said.

India wins record eighth Women's Asia Cup title

Dubai, Sept. 14

India defeated Sri Lanka by 72 runs in the Women's Asia Cup 2026 final in Dubai last night, securing a record-extending eighth Asia Cup title. The victory also helped India avenge their defeat to Sri Lanka in the 2024 final. It was India's sixth win over Sri Lanka in an Asia Cup final across the ODI and T20 formats, including the 2004 edition when India defeated Sri Lanka 5-0 in the

two-team tournament.

Bating first, India posted a formidable 183 for 5 after openers Shafali Verma and Smriti Mandhana produced a record-breaking 129-run partnership. The bowlers then completed the job by dismissing Sri Lanka for 111 in 19.4 overs, with Shree Charani taking four wickets and Deepti Sharma claiming three. Shafali Verma was declared Player of the Match.

SSC to conduct SPE Phase XIV/2026 Exam. from Sept. 16

Sri Vijaya Puram, Sept. 14

The Staff Selection Commission is going to conduct the Selection Posts Examination Phase XIV/2026 Examination, 2026 from 16.09.2026 to 21.09.2026 (Except 20.09.2026). The e-Admit Card of the candidates appearing for the examination will be made available 3-4 days prior to the scheduled examination date on the website of the Commission (<https://ssc.gov.in> / <https://ssc.org/>), a press release from Deputy Secretary (R&E) said.

Weather forecast

Sri Vijaya Puram, Sept. 14

Thunderstorm with gusty wind (30-40 kmph) and lightning is very likely to occur at one or two places over A&N Islands on Sept. 15. Heavy rainfall (07-11 cm) along with thunderstorm with gusty wind (40-50 kmph) and lightning is very likely to occur at one or two places over A&N Islands on Sept. 16 & 17.

Heavy to very heavy rainfall (07-20 cm) along with thunderstorm with gusty wind (40-50 kmph) and lightning is very likely to occur at one or two places over A&N Islands on Sept. 18. Heavy rainfall (07-11 cm) along with thunderstorm with gusty wind (40-50 kmph) and lightning is very likely to occur at one or two places over A&N Islands on Sept. 19 & 20.

Squally weather with wind speed reaching 35 - 45 kmph occasionally gusting 55 kmph is likely to prevail along and off Andaman & Nicobar coasts from 16-09-2026 to 18-09-2026. Fishermen have been advised not to venture into the sea along and off Andaman & Nicobar coasts from 16-09-2026 to 18-09-2026. Swell waves in the range of 17.0 - 18.0 sec period with 2.3 - 2.8 m height have been forecasted till 23:30 hours of 15-09-2026. It is advised that there is a possibility of surging of waves, boats to ply with utmost vigilance, recreation with due care, a press release from Directorate of Disaster Management said.

ANDAMAN & NICOBAR ADMINISTRATION
DEPARTMENT OF TRAINING

PRADHAN MANTRI NATIONAL APPRENTICESHIP MELA (PMNAM)

18.09.2026 (FRIDAY) | **From 09:00 AM onwards**

The Department of Training, A&N Administration is organising the Pradhan Mantri National Apprenticeship Mela (PMNAM) on 18.09.2026 (Friday) across all three districts of the Union Territory of Andaman & Nicobar Islands.

OBJECTIVE

The Apprenticeship Mela aims to:

- Promote Apprenticeship Training among eligible youth and prospective apprentices;
- Facilitate direct interaction between establishments and prospective apprentices;
- Provide opportunities to obtain apprenticeship engagements;
- Encourage Government Departments, PSUs, private establishments and MSMEs to offer apprenticeship opportunities; and
- Strengthen industry-ITI linkages and facilitate skill development and employability of youth.

APPEAL TO ESTABLISHMENTS

All Government Departments, PSUs, private establishments, MSMEs, service-sector establishments, industry associations and other eligible establishments are requested to actively participate in the Apprenticeship Mela by:

- Registering/updating their establishment profile on the Apprenticeship India Portal (NAPS);
- Offering available apprenticeship opportunities/vacancies in eligible trades;
- Creating relevant trades and posting apprenticeship vacancies on the portal;
- Sending authorised representatives for interaction with prospective apprentices; and
- Facilitating the selection and engagement of eligible candidates.

Establishments that have not yet engaged apprentices are especially encouraged to participate and utilise the Mela as an opportunity to identify suitable candidates for apprenticeship training.

APPEAL TO ASPIRATIONAL CANDIDATES

Eligible ITI pass-outs, trainees and other aspirational candidates seeking apprenticeship opportunities are invited to participate in the Mela and interact directly with participating establishments.

Candidates are advised to bring:

- Aadhaar Card;
- Educational/ITI certificates and mark sheets;
- Updated resume/ biodata;
- Passport-size photographs; and
- Other relevant documents required for apprenticeship registration/engagement.

Candidates may also register their profiles on the Apprenticeship India Portal at <https://www.apprenticeshipindia.gov.in> before or during the Mela at the respective venues.

VENUES

Sl. No.	District	Venue
1.	South Andaman	Government ITI, Dooligunj
2.	North & Middle Andaman	Government ITI, Bakultala
3.	Nicobar	Government ITI, Arong

PARTICIPATE • CONNECT • GET SKILLED • GET APPRENTICESHIP OPPORTUNITY

All eligible establishments and aspirational candidates are requested to participate actively and make the Apprenticeship Mela a success.

For further information and coordination, please contact the respective Government ITIs or email us at: iti@and.nic.in

Engaged apprentices shall be paid a monthly stipend based on their entry-level qualification and trades.

Correction Window for post of Auxiliary Nurse Midwife in DHS

Sri Vijaya Puram, Sept. 14

In continuation of this Directorate's Vacancy Notice No. A-12024/1/2025 - Recruitment Cell-DHS-HEALTH_AN/1131 dated 13.04.2026 regarding recruitment to the post of Auxiliary Nurse Midwife (ANM), a Correction Window is being opened from 11 am on 16.09.2026 to 11

am on 18.09.2026 to facilitate the applicants concerned to rectify/ correct any errors or discrepancies in their applications. The applicants may visit the e-Recruitment Portal at <https://andamannicobar.gov.in/erecruitment> and make the necessary corrections, if any, within the stipulated

period. No request for corrections/rectification shall be entertained after closure of the Correction Window. The particulars and documents available on the e-Recruitment Portal as on 11 am on 18.09.2026 shall be treated as final for all purposes, a press release from DHS said.

Aarogya Setu 2.0: empowering (Contd. from page 1)

and services more accessible, organised, and digitally connected. Under ABDM, the Ayushman Bharat Health Account (ABHA)/ Health ID, provides citizens with a unique digital health identity. This enables secure access to personal health records and facilitates their seamless sharing across healthcare facilities, strictly based on patient consent.

The Scan and Share facility available through the Aarogya Setu 2.0 PHR application enables citizens to scan the QR code displayed at participating healthcare facilities and share their ABHA details, with patient consent, for faster OPD registration. This digital registration process helps reduce waiting time, streamline patient flow, and improve queue management at healthcare facilities. Citizens are encouraged to use the Scan and Share facility through the Aarogya Setu 2.0 application to support a faster, more convenient, and efficient OPD registration experience.

Citizens are encouraged to download and use Aarogya Setu 2.0 to create and manage their ABHA, access digital health records, and avail a range of digital health services, thereby contributing to a more accessible, efficient, and patient-centric healthcare ecosystem, a press release from DHS said.

Promotion of fodder cultivation among livestock owners

Sri Vijaya Puram, Sept. 14

In an effort to promote and encourage fodder cultivation among livestock owners, the Senior Veterinary Officer (SVO), Veterinary Hospital, Garacharma, along with his team, distributed 6,500 Super Napier stem cuttings to 21 livestock owners on 12th September, 2026. The distribution was carried out among 20 livestock owners in the New Bimblitan area and one livestock owner at Sippighat Village under Gram Panchayat, Sippighat.

During the programme, the SVO provided detailed guidance to the livestock owners on the cultivation of Super Napier fodder, covering important aspects such as suitable soil conditions, spacing of cuttings, row-to-row spacing, irrigation

requirements, expected yield and growth cycle. The livestock owners were also encouraged to adopt scientific fodder cultivation practices to ensure regular availability of quality green fodder for their livestock.

Shri Mani Vannan, PRI Member, was also present during the programme and extended his support towards the initiative.

As part of the livestock welfare measures, 5 Pashu Pushti Kits were also distributed to livestock

owners for animals that had undergone ETT, to supplement their nutritional requirements and support their health and productivity.

The Department of Animal Husbandry & Veterinary Services continues to undertake such field-level initiatives to improve fodder availability, livestock nutrition and the overall productivity of livestock owners in the Islands, a press release from Deptt. of AH&VS said.

Swachhata Awareness Prog. organised..... (Contd. from page 1)

Home, Pranab Kanya Sangha and, Darusalam Yatheem Khana participated.

As part of the UDAAN Programme, children participated in various creative competitions on themes related to cleanliness and healthy living, including a Drawing/Painting Competition on "My Clean & Healthy World", a Slogan Writing Competition on "Cleanliness Begins with Me", and an Essay Writing Competition on "Importance of Cleanliness and Personal Hygiene in Our Life".

The programme was graced by Shri. Mohit Mishra, Director, Social Welfare, as the chief guest. Addressing the children, the Director encouraged them to participate confidently in such programmes and highlighted the importance of providing children with regular opportunities to showcase their talents, express their views and develop confidence and communication skills.

Smt. Uma Devi, Programme Officer (ICDS), interacted with the participating children. Smt. Komal Anand, Founder, PANKH, NGO, appreciated the enthusiasm and talent displayed by the children and encouraged them to participate confidently in constructive activities and develop their talents and abilities. Shri A. Chakraborty, In-charge, Seva Niketan, appreciated the initiative. The programme concluded with a vote of thanks by Shri. Ashok Kumar Biswas, Nodal Officer, Mission Vatsalya Scheme, a press release from DSW said.

Agriculture Department intensifies (Contd. from page 1)

maximum coverage of eligible farmers.

The Department has accorded top priority to achieve 100% saturation of the Farmer Registry, so that every eligible farmer is duly registered and is able to avail the benefits and services available under various Government schemes and programmes.

Field staff have been directed to intensify the enrolment drive, expand outreach and ensure comprehensive coverage, particularly of farmers who have not yet completed their registration. Concerted efforts are being made to address difficulties encountered by farmers during the registration process and resolve such issues at the earliest, with a view to making the enrolment process smooth, accessible and hassle-free. To sort out the issue of name mismatch in RoR and Aadhaar, farmers are requested to collect and submit duly filled in application forms alongwith necessary documents to the sub-depot incharges to further take up the issue with the revenue Department.

The Department of Agriculture appeals to all eligible farmers who have not yet created their Farmer ID to approach their nearest Agriculture Sub-Dpot and complete the Farmer Registry enrolment at the earliest.

Farmers have been advised to complete their registration on priority, as failure to complete Farmer Registry enrolment may result in stoppage of subsidized fertilizer, agricultural inputs and PM-KISAN benefits from the ensuing Rabi Season 2026.

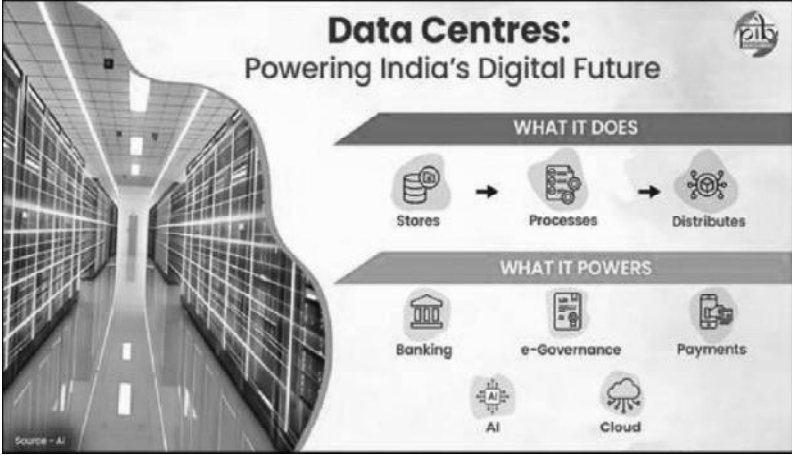

The Department has urged all eligible farmers to cooperate with the field functionaries and make use of the enrolment facilities being provided across the Islands to ensure 100% coverage of the Farmer Registry, a press release from Directorate of Agriculture said.

Data Centres in India; Infrastructure for the Digital Age

Data centres are the invisible engines powering India's digital life. They support banking, e-Governance and online services every second. As emerging technologies drive rapid data growth, the Government is building a supportive policy ecosystem. Infrastructure status, fiscal incentives and clean energy adoption are strengthening India's data centre ecosystem.

Strengthening India's Digital Infrastructure through Data Centres

India's digital economy is entering a new phase of rapid growth and technological transformation. Digitalisation is reshaping productivity, competitiveness and service delivery across sectors. As digital services expand, they are generating unprecedented demand for computing capacity, data storage and high-speed connectivity. Meeting this demand requires infrastructure that can operate continuously, securely and at scale. Data centres provide this critical foundation, powering the digital services that increasingly drive India's economy and governance.

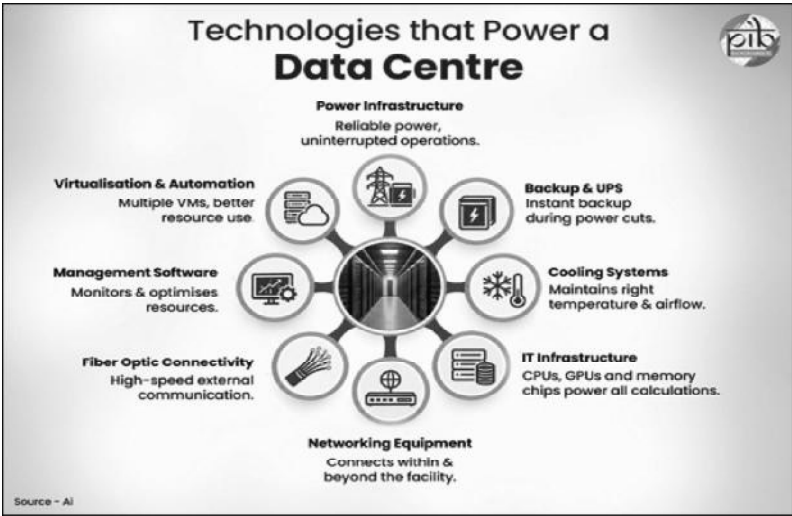

A data centre is a secure facility that houses computing, storage and networking equipment. It stores, processes, manages and distributes large volumes of digital information. These capabilities support online banking, e-Governance, digital payments, cloud computing and other emerging technologies.

Data Center in Simple Words

Think of a data centre as a massive digital warehouse full of thousands of super-fast computers. Just like a physical warehouse holds goods, a data centre holds digital information. Whenever you make a UPI payment, check your bank account, or stream a video, these computers work continuously in the background to fulfill your request.

Modern data centres integrate computing, networking, power, cooling, security and management systems. These systems work continuously to maintain reliable operations, data security and uninterrupted digital services. As India's digital economy expands, resilient data centres are becoming a strategic infrastructure for innovation, competitiveness and sustained digital growth.

Inside a Data Centre: The Technologies Powering Digital Services

A data centre relies on a reliable power infrastructure to ensure uninterrupted operation of critical equipment. Data centre computers can never turn off—not even for a millisecond. Uninterruptible Power Supplies (UPS) provide immediate backup during electrical interruptions. Backup generators and electrical distribution systems provide additional resilience during prolonged power disruptions. Continuous operations of this scale requires cooling systems to maintain suitable operating conditions for the computing equipment. Heating, Ventilation and Air Conditioning (HVAC) systems regulate temperature and airflow within the facility. Advanced airflow management and liquid cooling further improve thermal efficiency and reliability.

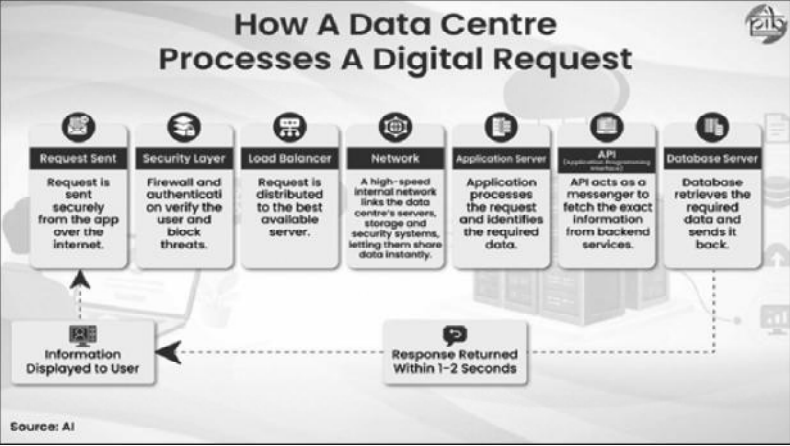

The Information Technology (IT) infrastructure then performs the core computing functions. Servers process information and run digital applications. Storage systems securely hold large volumes of data using Hard Disk Drives (HDDs) and Solid-State Drives (SSDs). Security systems protect equipment, networks and data from physical and digital threats.

Networking equipment, including routers and high-speed switches, enables data exchange within and beyond the facility. Fiber-optic connections provide high-speed communication between the data centre and external networks.

Finally, management software monitors the systems and helps optimize the use of computing resources efficiently. Virtualisation allows multiple virtual machines to run on one physical server, improving resource use. Imagine taking one large house and dividing it into several separate apartments. Virtualization allows one physical computer to run multiple virtual "mini-computers" inside it, maximizing resource

efficiency. Automation tools manage workloads, support maintenance and help identify operational problems.

From Click to Response: How a Data Centre Handles Your Request

Every digital request begins with a simple action, such as opening an app, checking a bank balance or accessing a document. Behind the instant response, the request travels through a network to a data centre, where multiple systems work together to process it securely and efficiently.

The security layer first checks the request and protects the system from cyber threats. The load balancer then directs the request to an available server, helping distribute the workload efficiently.

The application server processes the request and determines what information or service is required. If necessary, it uses an Application Programming Interface (API) to communicate with other applications or services.

The database server then retrieves the required information and sends it back to the application server. Once processed, the information travels back through the network and reaches the user's device.

This entire process can take just 1-2 seconds, enabling fast and seamless digital services. This interconnected chain—Connect ? Receive ? Network ? Process ? Store ? Secure ? Respond—allows cloud services, e-governance platforms and Artificial Intelligence (AI) applications to deliver information reliably and at scale. It shows why modern data centres are far more than storage facilities; they are the digital infrastructure that enables everyday online services.

In Simple Terms: The Behind-the-Scenes Team

Network = The Corridors & Intercom, the internal hallways that connect the whole team so they can pass information to each other instantly.

Security Layer = The Security Guard, inspects your request at the entrance for safety.

Load Balancer = The Traffic Cop, directs incoming digital traffic so no single server gets overwhelmed

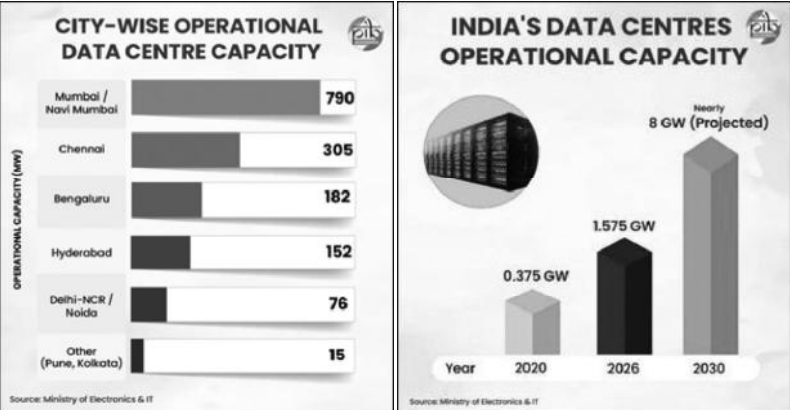

Application Server = The Chef, takes your order, figures out what information or recipe is needed.

API = The Waiter, acts as a messenger.

Database Server = The Digital Vault, where details are locked away and retrieved when needed.

Status of Data Centers in India

India's data-centre journey has evolved alongside the rapid expansion of e-Governance and digital services. Rising citizen expectations for online services are increasing demand for robust data-centre infrastructure. The National Informatics Centre (NIC) has established state-of-the-art National Data Centres across the country. These include facilities at NIC Headquarters in Delhi, Pune, Hyderabad and Bhubaneswar. NIC has also established 37 smaller Data Centres at various State Capitals. These facilities provide reliable digital services to Government institutions at different levels. They support round-the-clock operations, system management and skilled onsite personnel.

India's rapidly expanding digital economy is further strengthening demand for secure and reliable data infrastructure. Installed data-centre power capacity stood at around 375 MW in 2020. It has increased to 1.57 GW as of August 2026. The capacity is projected to expand further to nearly 8 GW by 2030. Investments of nearly USD 70 billion are already underway in India's data centre sector, with an additional USD 90 billion in announced projects, highlighting the scale of expansion and reflecting strong investor confidence.

Enabling Policy Environment for Data Centres

The Government has strengthened the data-centre ecosystem through targeted policy and fiscal measures. In the Union Budget 2022-23, data centres were included in the Harmonized List of Infrastructure. This accorded infrastructure status to data centres and facilitated greater access to credit for digital infrastructure. The measure also supported investment and expansion of India's data-centre capacity.

Infrastructure Status in Simple Terms

Giving data centres "Infrastructure Status" treats them like national highways, airports, and power grids, granting them access to easier and cheaper long-term loans.

The Union Budget 2026-27 further introduced a tax holiday for eligible foreign cloud service providers until 2047. The incentive applies to global operations using India-based data-centre infrastructure. It covers Tax Years 2026-27 to 2046-47 for notified foreign companies. These measures strengthen India's investment environment for data centres and cloud infrastructure.

Linked Ecosystem Schemes Supporting Data Centre Growth

The second phase of the Semicon India Programme (Semicon 2.0) was approved by the Union Cabinet on 15.07.2026, with an outlay of Rs. 1,27,500 crore under the India Semiconductor Mission (ISM). It aims to holistically build a trusted and resilient semiconductor ecosystem in the country.

The IndiaAI Mission was approved with a total budget outlay of Rs. 10,371.92 crore to build a comprehensive AI ecosystem in the country. The AI ecosystem being fostered under the Mission is a key driver of data centre growth in India.

The Electronics Components Manufacturing Scheme (ECMS) has also received higher financial support. Its allocation increased from Rs. 22,000 crore to Rs. 40,000 crore.

The Government of India has also launched PLI Scheme 2.0 for IT Hardware to create a robust domestic manufacturing ecosystem for IT hardware (such as servers), attract large investments, reduce import reliance, and make India a trusted global supply chain hub.

Sustaining the Data Centre Sector: Energy and Water Planning

Data centre capacity is expanding rapidly, making energy and resource efficiency increasingly important. Data centres require reliable electricity and efficient cooling systems for continuous operations. According to the Central Electricity Authority (CEA), Ministry of Power, demand could reach 17 GW by 2031-32. As the sector is expanding, the Government is also promoting cleaner energy and efficient resource use to support sustainable sectoral growth.

Renewable Energy & Clean Power

The Government is promoting renewable energy through several key initiatives. These include the Green Energy Open Access Rules, Green Energy Corridor Scheme and National Green Hydrogen Mission. The National Programme on High Efficiency Solar PV Modules and Solar Park Scheme further support clean-energy deployment. These measures improve access to cleaner and more reliable power for energy-intensive digital infrastructure.

SHANTI Act & Clean Power

The Sustainable Harnessing and Advancement of Nuclear Energy for Transforming India (SHANTI) Act strengthens the clean-power ecosystem. It supports reliable nuclear power for emerging sectors, including Artificial Intelligence and data centres. The framework also enables future deployment of Small Modular Reactors and Micro Nuclear Reactors.

BIS Standards for Data Centres

The Bureau of Indian Standards (BIS) has developed standards for data-centre efficiency. Its technical committee LITD 31 covers Cloud Computing, Information Technology and Data Centres. BIS has published standards covering Power Usage Effectiveness (PUE) and Carbon Usage Effectiveness (CUE). These standards also address Cooling Efficiency Ratio (CER) and Water Usage Effectiveness (WUE).

In Simple Terms

PUE and WUE - serve as green mileage ratings to measure how efficiently a facility uses electricity and water.

CUE measures how much carbon pollution a data centre produces for every bit of electricity its computers use.

CER measures how efficiently the cooling systems (like fans, chilled water pipes, or liquid coolant) remove that heat relative to the electricity they consume.

Energy and Water Efficiency Standards

The Bureau of Energy Efficiency (BEE) has notified the Energy Conservation Building Code (ECBC) 2017. It also notified the Energy Conservation and Sustainable Building Code (ECSBC) 2024. These codes prescribe energy-efficiency and water-conservation norms for buildings. They also include provisions relevant to data-centre infrastructure.

Advanced Cooling and Water Management

Data-centre water requirements depend on the cooling technologies deployed. Groundwater extraction, including for industrial purposes, is regulated under guidelines issued by the Ministry of Jal Shakti. AI infrastructure is driving adoption of advanced cooling technologies in data centres. These include direct-to-chip liquid cooling, adiabatic cooling and immersion cooling. Closed-loop liquid cooling systems are also emerging as resource-efficient solutions.

Way Forward

India's data-centre growth reflects a steady policy journey towards a resilient and sovereign digital infrastructure. It is increasingly important for data sovereignty, digital trust, economic competitiveness and technological self-reliance. The expansion of cloud and Artificial Intelligence infrastructure is creating new opportunities for innovation and economic growth. However, this growth also requires responsible governance of data, technology, energy and digital infrastructure. A technology governance approach can help balance innovation with security, sustainability, accountability and public interest. This requires strong standards, robust cybersecurity, responsible data practices and efficient resource management. It also calls for greater domestic capabilities across computing, semiconductors, energy and critical digital infrastructure. As India advances towards Viksit Bharat by 2047, data centres can serve as a foundational layer of the digital economy. (PIB)

ANDAMAN & NICOBAR UNION TERRITORY HEALTH MISSION
&
OFFICE OF THE STATE HEALTH SOCIETY (A&N ISLANDS)
AP-111, ATLANTA POINT, SRI VIJAYA PURAM
Publication of Provisional List of
Candidates

It is to inform that the Provisional List of candidates for the various posts advertised on 09.07.2026 by the State Health Society, A & N Islands under National Health Mission (NHM), A & N Islands has been displayed on the Notice Board of the Office of the State Health Society, A & N Islands and also uploaded on the official website of the A & N Administration. The details of the post are as under
1.Senior Consultant (Tele-MANAS)
2.Consultant (Tele-MANAS)
3.Consultant – Climate Change & Quality Assurance
4.General Duty Medical Officer (AYUSH–RBSK–Ayurveda)
5.State Programme Manager (SHS)
6.State Finance Manager (SHS)
7.Training Consultant (IDSP)

All candidates who have applied for the above-mentioned posts are hereby informed to refer the Provisional list and submit the claim(s) and objection(s) regarding the Provisional List to the Office of the State Health Society, A & N Islands addressed to the Mission Director (UTHM), A & N Islands along with the necessary supporting documents.

The claims and objections along with supporting documents shall be submitted within 10 (Ten) days from the date of publication of this notice.

No claims or objections received after the stipulated period shall be entertained.

State Programme Manager
State Health Society
A & N Islands

NOTICE INVITING e-TENDERS

The Executive Engineer, Panchayati Raj Institution, South Andaman Division-I on behalf of the *Pradhan, Gram Panchayat, Campbell Bay* invites online item rate tender (in CPWD form-8) from bonafide and experienced contractors for the below mentioned work:

1. NIT No. EE/PRI/SAD-I/GEN/2026-27/75 Name of Work: Repair and Maintenance of Gram Panchayat office and store room under Gram Panchayat Campbell Bay. (Re-Tender) Estimated Cost: Rs. 18,94,977/-, Earnest Money Deposit: Rs. 37,900/-, Time of Completion: Four (04) Months, Tender Fee: - Rs. 500/- & last date & time of submission of bid: 25/09/2026 (1500 hrs.)

The tender forms and other details can be obtained from the website <https://eprocure.andamannicobar.gov.in>.

Assistant Director (CS&CA)

AFFIDAVIT

I, MR. SATHAIYA, S/o. Shri. Anand Raj, R/o. C-43, Bathubasti, Garacharma, Sri Vijaya Puram- 744105, do hereby solemnly affirm and declare as under:
1. That I am the deponent herein and a citizen of India.
2. That my correct name is SATHAIYA.
3. That, due to an inadvertent error, my name has been wrongly mentioned in my Convocation Certificate as “SATHAIYA A”.
4. That my name is correctly mentioned as “SATHAIYA” in all my other important documents, including my 10th Certificate, 12th Certificate, PAN Card and Aadhaar Card.
5. That “SATHAIYA A” and “SATHAIYA” refer to one and the same person, i.e., myself.
6. That I am executing this affidavit to declare that my correct and actual name is “SATHAIYA” and to request the concerned authority / university to make the necessary correction in the Convocation Certificate (Bachelor of Physical Education and Sports) by replacing “SATHAIYA A” with “SATHAIYA”.
7. That the contents of this affidavit are true and correct to the best of my knowledge and belief and nothing material has been concealed therein.

UNION TERRITORY AGRICULTURAL TECHNOLOGY MANAGEMENT AGENCY
A&N ADMINISTRATION, DIRECTORATE OF AGRICULTURE, HADDO, SRI VIJAYA PURAM –744102

PRESS NOTE

In pursuance of the press note published in the Andaman website dated 28th August, 2026 for engagement to the contractual posts of "Computer Programmer/Operator", the interview was held on 04.09.2026 at 10.00 AM in the Conference Hall, Directorate of Agriculture, Sri Vijaya Puram. The following candidates have been selected purely on contractual basis based on the Academic Qualification, Trade test and marks awarded to each candidate as under:
Post: Computer Programmer/Operator

S. No.	Roll No.	Name of the Candidate	Academic Qualification (30)	Trade Test (60)	Interview (10)	Total (100)	Result
1	20260001	Mr. P. Abdul Jaseel	21.86	19.68	7.66	49.20	Selected
2	20260002	Mr. V Karthik	15.68	24.912	8.20	48.792	Waiting list
3	20260007	Mr. S. Prashant	21.79	19.056	7.32	48.166	Waiting list
4	20260010	Ms. K Sujata	19.46	15.912	5.80	41.172	Waiting list
5	20260003	Mr. Abhisekh Roy	15.72	16.44	8.60	40.76	Waiting list
6	20260011	Mr. Rohan Mistry	12.92	16.632	7.46	37.012	Waiting list
7	20260013	Mr. M Vijay	12.368	12.792	9.24	34.4	Waiting list

Note:

- The engagement is purely on contractual basis and will not confer any right for regularization to the post.
- The selected candidate for the post of Computer Programmer/Operator are directed to join within 7 (seven) days from the date of this publication.
- In case any selected candidate fails to join within the stipulated time, the next candidate from waiting list will be considered.

State Nodal Officer (ER)
Director of Agriculture

VACANCY

- 1) Bartender-02
 - 2) Waiter -02
- For Bar at Wandoor,
WhatsApp Resume to:
