Zero tolerance towards 'Encroachment on Govt. land' Administration does not, shall not and will not tolerate encroachments on projects of national importance in A&N Islands

District Administration (SA) carries out eviction drive at Rangachang & Chidiyatapu ; 31,000 sq. mtrs. of Govt. land restored

Port Blair, July 15

The A&N Administration does not, shall not and will not tolerate encroachments on projects of national importance in A&N Islands. Indulgence in such illegal practice shall be dealt with strictly and general public have been urged to desist from committing such acts. Showing zero tolerance towards such activities, the District Administration carried out an eviction drive against encroachments on Govt. land at Rangachang and Chidiyatapu areas.

Fresh encroachments committed on Govt. land bearing Sy.No.17/P at Rangachang and at Sy. No.18 at Chidiyatapu villages under Port Blair Tehsil and an area approx. 31,000 sq. mtrs. of Govt. land was restored to its original status.

Altogether 15 nos. of encroachments in the shape of temporary structures which were fresh in nature made up of G.I. sheets and vegetable plantations along with fencings were removed from the part of Govt. revenue land.

Shri Suneel Anchipaka, Deputy Commissioner (SA) has once again cautioned the general public to refrain from indulging in such illegal encroachments. Further, he has requested the public to come forward in case of any enquiries or information regarding such illegal activities and can pass on such information to the District Control Room on phone numbers 03192- 240127/1077, a press release from Deputy Commissioner (SA) said.

Allotment of quarters through Computerised Quarter Allotment System; applicants may send in grievances through email

Port Blair, July 15

Andaman & Nicobar Administration, Housing & Estate Section, Secretariat has allotted around 75 Quarters (Type -I, Type -II & Type -III) vide orders dt. 30th June, 2021 through Computerised Quarter Allotment System. In this regard, all the applicants who have got quarter allotted through the above System may send their complaint, if any related to non-allotment of preferred quarter in preferred area through E-mail ID: sspg.govan@gmail.com within three days, a press release from Assistant Secretary (PGC /AR & Trg) said.

District Administration conducting random RAT test in rural areas to detect COVID cases 108 persons tested at Burmanallah and all samples found negative

Port Blair, July 15

The District Administration, South Andaman conducted mobile RAT screening at Burmanallah area today to detect corona cases in rural areas. The test was randomly conducted on

108 persons and it is encouraging to note that all the samples turned out to be negative.

The District Administration has initiated this facility in rural areas so as to keep check on the spread of

the virus. This step has taken the test facility to remotest areas of the District, thereby making testing easier, faster and accessible to every section of the society, a press release from DC (SA) said.

Proactive steps to contain spread of virus District Magistrate (SA) prohibits manufacture, storage, distribution and sale of all forms of processed/flavoured/scented chewing tobacco

Port Blair, July 15

In view of the recent surge in the positive cases of COVID-19 in the Islands, the District Administration, South Andaman has been taking various proactive steps to contain the spread of the virus in the District. The District Administration is closely monitoring the situation and noticed that there is a steep increase in positive cases in the past few days in some areas and one of the major cause of the spread of virus is caused due to spitting in public places.

It has been noticed at large that the people living in the islands are in the habit of chewing tobacco and spitting at public places which thereby causes the spread of the virus.

In order to place strict measures to control the same and to

prevent any further spread of the virus in the community at large, Shri Suneel Anchipaka, District Magistrate, South Andaman, in exercise of the powers vested under the Disaster Management Act, 2005, has prohibited the manufacture, storage, distribution and sale of all forms of processed/flavoured/

scented chewing tobacco, whether going by the name of Gukta, Pan Masala, Zarda packed and unpacked/loose etc., which contain tobacco and or nicotine as ingredient in the entire District of South Andaman for a period of one month with effect from today (July 15) in the interest of public health.

In view of the emergent circumstances, this order is being issued exparte and is addressed to the public in general. Further, the Superintendent of Police/Sub-Divisional Magistrate/Executive Magistrates and all authorities concerned shall ensure strict

Imparting skill development trainings to needy eligible beneficiaries of MGNREGA

1st batch of skill development training under Project UNNATI gets underway

Port Blair, July 15

The Government of India with the objective to improve the livelihoods of needy MGNREGS workers by providing skill training which is expected to lead either to self-employment or wage employment of such workers introduced Project UNNATI under Mahatma Gandhi National Rural Employment Guarantee Scheme (MGNREGS). This project intends to upgrade the skills of the Mahatma Gandhi NREGA workers and thereby improve their livelihoods so that they can move from current partial employment to full employment.

Accordingly, the targets for the UT of Empowered Committee A&N Islands to provide of MoRD, GOI has skilled training to 100 allocated and approved MGNREGA workers

between 2020 to 2022. Under the project skill development training is to be provided to one adult member (age 18-45 years) of all such households which have completed 100 days of work under MGNREGS in the previous

South Andaman Police confiscates 66.5 kgs of Venison

Port Blair, July 15

South Andaman Police continuing its action on illegal trade and poaching of wildlife animals has achieved great success on July 14 by confiscating 66.5 kgs of venison. A credible information was received that a person was transporting venison (Deer meat) in PS Chatham Jurisdiction. Acting swiftly on the information, a team headed by Insp. Jyoti Chhatwal, SHO PS

Chatham, along with other staff reached the spot and identified the person.

Upon search, a total of 66.5 kg of venison was found in his possession.

The accused was apprehended and the venison was seized on the spot. The accused is identified as Harshit Gain, S/o Shri Lal Mohan Gain (46 yrs), Pvt. Worker, R/o Bathu Basti near Marine Colony. The seized venison and the dinghy used by the accused

were handed over to Range Officer (Protection) Wild Life Division No.1 for further necessary action as per the Wildlife Protection Act.

Meanwhile, the general public have been requested to share information pertaining to any crime or other illegal activities to police at 112, 03192-232100 & 03192-233077. The identity of the informant will be kept secret, a press release from SP (SA) said.

Proactive steps to contain spread ...

compliance of this order and shall adequately inform and sensitize the field functionaries to note that these restrictions fundamentally relate to movement of people, but not to that of essential services.

Any disobedience of the above orders shall invite penal action u/s 188 of Indian Penal Code, 1860 and the relevant provisions of the Disaster Management Act, 2005 against the violator(s) and also fines shall be imposed as per Order issued by this office from time to time.

This order shall come into effect from 15th July 2021 and shall remain in force till further orders, the Order to this effect issued by District Magistrate, South Andaman District said.

Imparting skill development trainings...

(Contd. from page 1)

financial years since 2018-19. This project is being conducted through convergence between Rural Skills Division of Ministry of Rural Development (MoRD) and Krishi Vigyan Kendra (KVK) of Ministry of Agriculture with MGNREGS Division of MoRD. Therefore, the institutes namely Rural Self Employment Training Institute (RSETI) & Deen Dayal Upadhyaya Grameen Kaushalya Yojana (DDU-GKY) under ANIRLM and Krishi Vigyan Kendra (KVK) shall be providing various skill development trainings to the needy eligible beneficiaries of MGNREGA.

Moving ahead to achieve the laid down targets, the Directorate of RD, PRIs & ULBs, State Nodal Department of MGNREGA, initiated the 1st batch of training under Project UNNATI with the support of RSETI, Port Blair for MGNREGA beneficiaries of Mayabunder Block.

The programme was inaugurated by Shri Dweependu Halder, Block Development Officer, Mayabunder/Sr. Programme Officer (MGNREGA) at Panchayat Samiti Hall, Mayabunder in the presence of MGNREGA staff, SRLM staff and the faculties of Rural Self Employment Training Institute (RSETI). The week long training programme is on the subject area of vegetable cultivation; pickle and papad making. A total of 16 eligible MGNREGA beneficiaries interested to take up self employment training are participating in the training. The MGNREGA beneficiaries undergoing training are also paid stipend as per the scheme guidelines.

Besides training of MGNREGA beneficiaries, the SHG members of DAY-NRLM scheme will also be imparted training on the same areas through RSETI in various batches. Nearly 80 SHG ladies will be imparted training in the aforesaid training programme.

Shri Suneel Anchipaka, Secretary (RD/ Panchayat)/Commissioner (MGNREGA) is of the believe that the execution of Project UNNATI will be very useful for the participants as the eligible MGNREGA beneficiaries can improve their livelihoods by upgrading their skills thereby moving from current partial employment to full employment. This convergence of MGNREGA and ANIRLM shall be fruitful and enable the beneficiaries to have self employment opportunities. He also informed that very soon the next batches of trainings under Project UNNATI will commence in other blocks also, a press release from Secretary (RD) said.

IG Coast Guard Region (A&N) reviews ...

(Contd. from page 1)

and was briefed on safety and security initiatives undertaken by District Headquarters No. 10 to enhance the overall Operational Preparedness of Coast Guard in the remote Islands of Nicobar. He witnessed integration of modern surveillance technologies with demonstration of 'Remote Operated Vehicle' (Underwater Drone) capable of underwater surveillance upto depth of 100 mtr and Drone capable of Day & Night aerial surveillance upto 4 km as force multiplier for maritime missions involving Intelligence, Surveillance and Reconnaissance (ISR).

During his visit, the Flag Officer also reviewed the Coastal Security setup in SGI and interacted with all local stakeholders. He also visited Coast Guard Public School at Campbell Bay and appreciated contribution of CG families towards society especially in general administration and functioning of Coast Guard Public School. During his interaction with men in southernmost Island territory of India, he appreciated the overall development of the Indian Coast Guard in the Region and advised CG personnel to stay focused towards the concerns and safety of the Islanders. The Flag Officer emphasised on the need to work with utmost synergy and comradeship with all stakeholders and complimented CG personnel for maintaining the operational tempo despite challenges posed by COVID-19 pandemic, a press release from PRO Coast Guard said.

Govt. approves implementation of a special livestock sector package consisting of several activities by revising and realigning various components of Deptt. of Animal Husbandry & Dairying schemes for next 5 years starting from 2021-22 Initiative aims to boost growth in livestock sector and thereby making animal husbandry more remunerative to 10 crore farmers engaged in Animal Husbandry Sector

New Delhi, July 15 (PIB)

In order to further boost growth in livestock sector and thereby making Animal Husbandry more remunerative to 10 crore farmers engaged in Animal Husbandry Sector, the Government has approved implementation of a Special Livestock Sector Package consisting of several activities by revising and realigning various components of Government of India's schemes for next 5 years starting from 2021-22. This package envisages Central Government's support amounting to Rs.9800 crore over duration of 5 years for leveraging total investment of Rs. 54,618 crore for 5 years.

As per this, all the schemes of the Department will be

merged into three broad categories as Development Programmes which includes Rashtriya Gokul Mission, National Programme for Dairy Development (NPDD), National Livestock Mission (NLM) and Livestock Census and Integrated Sample Survey (LC & ISS) as sub-schemes, Disease Control programme renamed as Livestock Health and Disease Control (LH & DC) which includes the present Livestock Health and Disease Control (LH & DC) scheme and National Animal Disease Control Programme (NADCP) and Infrastructure Development Fund wherein, the Animal Husbandry Infrastructure Development Fund (AHIDF) and the Dairy Infrastructure Development

Infrastructure Development Fund (DIDF) are merged and the present scheme for support to Dairy Cooperatives and Farmer Producer Organizations engaged in Dairy activities is also included in this third category.

The revised and realigned scheme component related to Rashtriya Gokul Mission (RGM) is crucial for development and conservation of indigenous breeds and would also contribute in improving the economic condition of the rural poor as most of the low producing indigenous breeds are with small and marginal farmers and landless labourers. The aim of RGM would be to deliver quality breeding inputs at the farmers' doorstep. Implementation of RGM is

crucial to enhance milk production and productivity of bovines, thereby making dairying more remunerative to poor farmers of the country.

The realigned National Programme for Dairy Development (NPDD) will have two components. Component 'A' of National Programme for Dairy Development (NPDD) will be implemented with emphasis on milk procurement, processing, marketing and quality of milk and milk products. The scheme is targeted towards installation of about 8900 bulk milk coolers, which is likely to cover about 26,700 villages and thus providing benefit to more than 8 lakh milk producers and 20 LLPD milk will be additionally procured.

Component 'B' of NPDD will avail financial assistance from Japan International Cooperation Agency (JICA) as per project agreement already signed with them and will create strengthened or fresh infrastructure in 4500 villages, 8.96 LLPD chilling and 7 LLPD processing capacity with incremental procurement of about 14.20 LLPD from 1.5 Lakh additional milk producers.

The Livestock Sector in our country, has been growing at a Compound Annual Growth Rate (CAGR) of 8.15% (at constant prices) from 2014-15 to 2019-20. This CAGR is higher than other sectors like manufacturing sector, which has shown 6.15%, Agriculture (Crop) sector which shown 1.95% and services sector with 7.7% for similar period.

Similarly, the Poultry sector is also growing at (CAGR constant prices) of 10.5% and playing immense role in livelihood creation in the rural economy. Further, as per the estimates of Central Statistical Office (CSO) for sector wise Gross Value Added (GVA) of Agriculture and allied sector, the percentage contribution of livestock sector as a percentage of total crop and livestock sector has increased from 28% (2014-15) to 34% (2019-20). Total value of production of only dairy sector was Rs.7,72,705 crore for 2018-19 while total value of production of wheat and paddy together was Rs.4,99,653 crore. The Dairy sector has been growing consistently with milk production increasing from 22 million MT in 1970 to 198 million MT in 2019-20.

Similarly, the Poultry sector is also growing at (CAGR constant prices) of 10.5% and playing immense role in livelihood creation in the rural economy. Further, as per the estimates of Central Statistical Office (CSO) for sector wise Gross Value Added (GVA) of Agriculture and allied sector, the percentage contribution of livestock sector as a percentage of total crop and livestock sector has increased from 28% (2014-15) to 34% (2019-20). Union Health Ministry reviews preparations under "India COVID-19 Emergency Response and Health Systems Preparedness Package: Phase II" with States/UTs Stress on Effective Advance Preparations for Ensuring Robust Health Infrastructure and Efficient Clinical Management of COVID

New Delhi, July 15 (PIB)

Union Health Ministry reviewed preparations under the recently approved, Rs. 23,123 Cr. "India COVID-19 Emergency Response and Health Systems Preparedness Package: Phase II" with Health Secretaries and senior officials of all States/UTs, through a video conference (VC) today.

Union Cabinet chaired by Hon'ble Prime Minister approved the new scheme "India COVID-19 Emergency Response and Health Systems Preparedness Project: Phase-II" amounting to Rs. 23,123 Crore for FY 2021-22 on 8th July 2021. This will be implemented from 01 July 2021 to 31 March 2022.

Phase-II of the Emergency COVID19 Response Package (ECRP) has Central Sector (CS) and Centrally Sponsored Schemes (CSS) components.

This scheme aims to accelerate health system preparedness for immediate responsiveness for early prevention, detection and management with sharp focus on health infrastructure development including Paediatric care and with measurable outcomes. This will help in strengthening decentralized public health actions and public health facilities in rural, peri-urban and tribal areas.

During the review meeting, States/UTs were guided on policies and guidelines from Union Health Ministry on different aspects of COVID management which would help the states/UTs in strengthening their healthcare infrastructure to streamline COVID-19 response. States/UTs were requested to send their expenditure proposals at the earliest to enable expeditious approval and sanctioning from the Union Government.

Focus on the following was highlighted during the meeting:

- Need for ramping up test, track, treat & isolate strategy
- Requirement for scaling up testing capacity, additional beds including for Paediatric care and makeshift hospitals in sub-district levels
- Ensuring availability of critical drugs, testing kits and PPEs

- Enhancing Oxygen availability and strengthen home and village/ community isolation centres/ COVID care centres
- Sustaining and enhancing skilled medical and para-medical HR in line with the new guidelines issued by the Union Health Ministry in consultation with National Medical Commission (NMC) and Indian Nursing Council (INC)

- Support the States to establish dedicated Paediatric Care Unit in all 736 districts of the country for responding to the needs of Paediatric COVID-19 management
- Support the States to establish Paediatric Centre of Excellence in each State/UT (either in State Medical Colleges or State Hospitals or Central Hospitals such as AIIMS, Institute of National Importance, etc) for providing Tele-ICU services, mentoring and technical hand-holding to these District Paediatric units.

- Increase the availability of ICU beds including 20% Paediatric ICU beds as per evolving needs
- Support to States to have 1050 Liquid Medical Oxygen (LMO) Storage Tanks along with Medical Gas Pipeline System (MGPS) (at least one per District) to augment the availability of medical Oxygen in public healthcare system.

- Strengthen Tele-consultation Platform to provide up to 5 lakhs Tele-consultation services per day, duly augmenting the

- Support the States to utilize the UG and PG Interns, Final Year MBBS, BSc and GNM Nursing students for effective management

- States/UTs were advised to conduct a quick gap analysis for various infrastructure components under ECRP-II including their IT infrastructure readiness. The hub and spoke model for Tele-consultation services may be improved including for the services at the COVID Care Centres, through District level Hubs. The Final year MBBS students, UG Interns and PG residents may be utilized under the supervision of the faculty as per the National Medical Commission Guidelines for providing services of mild COVID management through Tele-consultation and similarly, final Nursing graduates (BSc and GNM) may be utilized for full-

- availability of Spokes and Hubs
- Support the States in implementation of Hospital Management Information System (HMIS) in all the District Hospitals, duly strengthening the national architecture.

- Increase access to ambulance services to eliminate delays in transport and referral of COVID-19 patients
- Enhance testing capacity and corresponding supportive diagnostics at the public healthcare facilities, closer to the public

- Support the States to utilize the UG and PG Interns, Final Year MBBS, BSc and GNM Nursing students for effective management

- States/UTs were advised to conduct a quick gap analysis for various infrastructure components under ECRP-II including their IT infrastructure readiness. The hub and spoke model for Tele-consultation services may be improved including for the services at the COVID Care Centres, through District level Hubs. - duration of 240 seconds at the engine test facility of ISRO Propulsion Complex (IPRC), Mahendragiri in Tamil Nadu. The performance of the engine met the test objectives and the engine parameters were closely matching with the predictions during the entire duration of the test. (Source:india.gov.in)

ISRO successfully conducts long duration hot test of Vikas Engine for Gaganyaan Program

New Delhi, July 15

ISRO has successfully conducted the third long duration hot test of the liquid propellant Vikas Engine for the core L110 liquid stage of the human rated GSLV MkIII vehicle, as part of the engine qualification requirements for the Gaganyaan Programme.

The engine was fired for a

duration of 240 seconds at the engine test facility of ISRO Propulsion Complex (IPRC), Mahendragiri in Tamil Nadu. The performance of the engine met the test objectives and the engine parameters were closely matching with the predictions during the entire duration of the test. (Source:india.gov.in)

It was also pointed out that procurement of drugs for effective COVID management is an essential component of ECRP-II; guidelines on procurement and buffer stocks have been already shared with the states which may be adopted for this purpose. Guidance can be tweaked to local needs and states must come up with their own assessments based on stocks and costs involved.

Ms. Vandana Gurnani, AS&MD (NHM) and Shri Vikas Sheel, Addl. Secy with senior officers from the Union Health Ministry were present during the meeting.

Raksha Mantri launches Artificial Intelligence powered grievance management application Lauds the citizen centric reform that empowers the people

New Delhi, July 15 (PIB)

Raksha Mantri, Shri Rajnath Singh launched an Artificial Intelligence (AI)-powered grievance management application in New Delhi on July 15, 2021, developed by Ministry of Defence with the help of IIT-Kanpur. Minister of State (Independent Charge) for Personnel, Public Grievances & Pensions, Dr. Jitendra Singh graced the occasion.

This is the first AI based system developed to improve grievance redressal in the Government. The AI tool developed as part of the initiative has capability to understand the content of the complaint based on the contents therein. As a result, it can identify repeat complaints or spam automatically. Based on the meaning of the complaint, it can categorise complaints of different categories even when key words normally used for such search are not present in the complaint. It enables geographical analysis of complaints in a category including analysis of whether the complaint was adequately addressed or not by the concerned office. Easy user-friendly search enables user to formulate his own queries/categories depending on management requirements and seek performance results based on the query. Given that lakhs of complaints are received on CPGRAMS portal of DARPG, this application will have great use in understanding the nature of complaints, geographies from where they emanate and policy changes which can be introduced to create systemic improvements to address these grievances. Speaking on the occasion, the Raksha Mantri described the application as a product of good governance, which reflects the growing synergy between the Government and academia. He

said this initiative is another citizen centric reform of the Government that aims to empower the people at large.

Shri Rajnath Singh lauded Department of Administrative Reforms & Public Grievances (DARPG) for playing an important role in the reform of the Public Grievances Redressal System, saying that resolving the grievances of people is a great service in itself. He added that the active involvement of reputed institutions like IIT Kanpur will further bolster the system and resolve the grievances of people in a transparent and effective manner.

The Raksha Mantri was briefed that this AI-powered application will automatically handle and analyse the complaints of the people and would reduce human intervention, save time and bring more transparency in their disposal. A tripartite MoU for the project was signed among Department of Defence, MoD, DARPG and IIT, Kanpur on August 04, 2020. The release of this application marks the introduction of AI-based innovations into governance and administration. This project is first of its kind initiative of the Government for using AI, data science and Machine Learning techniques in grievance redressal. The success of this project in MoD will pave the way for extension of this application across other Ministries. The MoD and IIT, Kanpur intend to drive their collaboration forward in the coming years, seeking to better leverage the use of AI for the disposal of citizens' complaints. The web-based application has been jointly developed by Department of Defence, MoD; DARPG and a team of IIT Kanpur comprising of Professors Shalabh, Nisheeth Srivastava and Piyush Rai.

COVID-19: Wash your hands regularly using soap and water or an alcohol-based hand rub.

Kendriya Vidyalaya No.1

PORT BLAIR

Admission Notice 2021-2022
