Young Islander cracks SSB with flying colours My only goal was to wear 'Olive Green Uniform', says Shubham

Port Blair, Apr 16

Despite lack of proper connectivity and facilities, Islanders are making waves all over, due to their sheer determination to be at par with the rest. One such story is that of Isles very own student, Shubham Shukla, who recently cracked the Services Selection Board (SSB) from 11SSB Allahabad, considered to be the toughest board of India. He secured the first rank in all India merit list for SSC Tech 48.

Shubham is currently undergoing year long training at Officers Training Academy, Chennai and will be a Commissioned Officer in the Indian Army after completion of the training.

Speaking to the DT Reporter over phone recently, Shubham recalled his momentous journey to SSB. He adores martyred Late Capt. Ashim Kumar Bhattacharjee, alumni of JNRM, who inspired many students of Isles to get into the defence forces. Shubham did his schooling from JNV Panchawati, N&M Andaman District and B. Tech in Civil Engineering from DBRAIT.

Acknowledging the support of his family members, Shubham said, "Family is the only key to my success". His father, Dr. A. K. Shukla, HoD, Hindi Deptt. ANCOL, his mother late Manjula Shukla and three elder sisters have always been his source of strength. He also owes his success to his cousin, Shri Devanand Pathak, SI A&N Police, for his constant guidance. He vowed to make them proud and did live up to his word.

"The only goal I set was to wear 'Olive Green Uniform' and told this to every person I came across that I wanted to get into the defence force", recalled Shubham. He started preparing for different stages of SSB, since 2015. In his first attempt, Shubham was confident of making it through and he

Praneeth clinches maiden Super Series title at Singapore Open

Singapore, Apr 16
World No.30 Praneeth, who had won the Canada Open Grand Prix last year and reached the Syed Modi Grand Prix Gold final this year, outmaneuvered Srikanth 17-21 21-17 21-12 in the summit clash of the USD 350,000 event.

It was the first time in the history of international badminton that two Indians were playing a Super Series final and it turned out to be a thrilling contest. The two trainees of the Gopichand academy exploited every chink that they were aware of in each other's game. In the first game, Srikanth played some angled shots to set up his points and then used

his accurate smashes to seal them. He gathered many points on Praneeth's forehand with his brilliant returns. Srikanth started with two lame returns but as the game progressed, he showed his class to outmaneuver his compatriot. The duo didn't go for long rallies and varied the pace with their repertoire of strokes. It was Srikanth who grabbed an 11-7 advantage during the first break with a cross-court smash which Praneeth couldn't return despite a full stretch dive. Praneeth too made Srikanth run for every point before closing in to make it 14-15.

got screened out from 17SSB Bangalore on Feb 9, 2016. Closer to the ladder of success, he worked twice hard and his second attempt fructified. Recalling the arduous journey, Shubam said, competing with candidates from different parts of mainland was not a cake walk, but nonetheless, the education system of Isles is at par with mainland and many Islanders have proved their mettle in different spheres of life.

Sharing about the training which begins this month, Shubam stated that there are many cores in Indian Army and presently he has not got into such cores, but he is most likely to be inducted into military engineering services since he was selected in technical entry.

About the process of writing SSB, Shubham said there are many entries for non-tech students. "There is an exam conducted by UPSC called Combined Defence Service Examination. The ones who cross the cut off have to appear for SSB in different boards. For technical and NCC 'C' Certificate candidates, there is a direct entry to SSB Board. They have to create an id in joinindianarmy.nic.in and register themselves", he added.

SSB is a five day interview panel in which a person will be judged mentally physically and psychologically. He focused more on Psychological test, which is the second day procedure in SSB interview and was quite a challenging one, he admitted.

Though not many will be able to clear it at the first stroke, yet it will be a learning process and provides opportunity for self introspection, said Shubham. His message for the youth is that, to be successful in life, one has to stay focused and not let negative thoughts diminish the will power. One should set a goal and achieve it, he said.
