African Swine Fever confirmed in pigs in some parts of Sri Vijaya Puram and at Arong, Car Nicobar Movement of pigs & pork products banned across the Islands

Sri Vijaya Puram, Oct. 16

An outbreak of African Swine Fever has been confirmed in pigs in some parts of Sri Vijaya Puram and at Arong, Car Nicobar, Nicobar District. The confirmation is based on laboratory test results communicated by the Director, ICAR-National Institute of High Security Animal Diseases, Bhopal.

African Swine Fever is a highly contagious viral disease of pigs. It does not infect humans and poses

no direct risk to human health. There is no vaccine and no specific treatment for the disease. It can cause high mortality in pigs and economic loss to pig farmers.

In view of the highly contagious nature of the disease and to prevent its further spread, transportation of pigs, pork and pork products, including frozen products, has been restricted in the entire territory of the Andaman & Nicobar Islands as a

preventive measure.

Accordingly, the Andaman & Nicobar Administration has declared some parts of Sri Vijaya Puram and Arong, Car Nicobar as the epicentres of African Swine Fever and has imposed a total ban on the movement of pigs, pork and pork products throughout the Islands with immediate effect. No live pig, pig feed, pork or pork product shall be transported by any carrier, including by sea, road or

air route, anywhere in the Union Territory. Sick or suspected pigs shall be isolated, and no carcass shall be disposed of in the sea, a creek or any water body. The restriction will remain in force till further orders.

Pig owners are advised to keep their pigs, whether apparently healthy or sick, confined and segregated as far as possible, and to prevent contact with pigs belonging to other households or farms. Any pig exhibiting symptoms

of the disease or having come into contact with an infected pig shall be immediately reported to the Senior Veterinary Officer of the area for assessment and necessary action in accordance with the prescribed protocol.

Culling and disposal of carcasses, and of frozen meat, pork and pork products, through deep burial shall be undertaken under the supervision of the local Administration.

Based on the laboratory test results on porcine samples communicated by the Director, ICAR-National Institute of High Security Animal Diseases, Anand Nagar, Bhopal, vide F. No. 15-57/2012-NIHSAD dated 16.10.2026, with reference to Letter No. SVO/ADDL/PC/LFC/DG/2026-27/175 dated 12.10.2026 from the Senior Veterinary Officer, ADDL, Polyclinic, LFC, Dollygunj, and in exercise of the powers conferred by sub-sections (1) and (2) of Section 6 of the Prevention and Control of Infectious and Contagious Diseases in Animals Act, 2009 (Act No. 27 of 2009), the Administrator, Andaman and Nicobar Islands, is pleased to declare the areas listed below as the epicentres of African Swine Fever, in order to prevent, control and contain the scheduled disease.

Epicentres

Sl. No.	District	Epicentre	Species
1	South Andaman	Sri Vijaya Puram	Pig
2	Nicobar	Arong, Car Nicobar	Pig

African Swine Fever is a highly contagious viral disease of pigs. It causes high mortality and economic loss. It does not infect humans and poses no direct risk to human health. There is no vaccine and no specific treatment.

As the disease is highly contagious and infectious, transportation of pig, pork and pork products, including frozen products, is restricted in the entire territory of the Andaman and Nicobar Islands as a preventive measure. No live pig, pig feed, pork or pork product shall be transported by any carrier including by sea, road or air route. The restriction will be in force till further orders.

Restriction

- All pigs within 1km radius of the infected zone will be culled and disposed.
- No live pig, pig feed, pork or pork product shall be taken out of, or brought into, the epicentre areas.
- No carrier of goods or animals shall carry any pig from or out of the epicentre areas.
- No person shall take out any pig, alive or dead, which is infected or suspected to be infected with African Swine Fever.

African Swine Fever: Advisory for pig farmers & general public

Sri Vijaya Puram, Oct. 16

African Swine Fever (ASF) has been confirmed by ICAR-National Institute of High Security Animal Diseases (NIHSAD), Bhopal, in samples collected from pigs in Sri Vijaya Puram & Car Nicobar, vide its laboratory report dated 16th October, 2026.

Prevention and Control

African Swine Fever (ASF) is a highly contagious viral disease affecting domestic pigs and wild boars. It can cause very high mortality and severe economic losses to pig farmers. ASF does not infect human beings; however, people, vehicles, equipment, clothing and contaminated pork products can mechanically spread the virus between pig holdings.

Key Symptoms

Watch for sudden pig deaths, high fever, loss of appetite, weakness, reddish or purplish skin discolouration, vomiting, diarrhoea and abortions.

Advisory for Pig Farmers

Report immediately: Inform the Senior Veterinary Officer (SVO) of your area or the nearest Veterinary Institution if pigs show suspected symptoms, die suddenly or have been in contact with infected pigs.

> **Segregate pigs:** Keep sick, suspected, exposed and healthy pigs separated as far as practicable to minimise the risk of transmission.

> **Restrict movement & Trade:** Do not sell, slaughter or transport sick, suspected or exposed pigs. Avoid the movement, sale and distribution of frozen pork, pig meat and pig-derived products.

> **Maintain biosecurity:** Restrict visitors and ensure proper cleaning and disinfection of pig sheds,

footwear, equipment and vehicles.

> **Avoid unsafe feeding:** Do not feed pigs untreated kitchen waste, food scraps containing meat or pork, or untreated waste from hotels, restaurants and ships.

> **Follow official instructions:** Cooperate with veterinary surveillance, testing, culling and other disease-control measures directed by the competent authorities.

Advisory for the General Public

> Do not transport live pigs or pork products in violation of applicable regulations or official restrictions.

> Do not discard food or meat waste where pigs can access it.

> Do not touch, open, move or dispose of dead pig carcasses yourself.

> Immediately report unusual pig deaths or suspected cases to the nearest Veterinary Institution or the area SVO.

> Ensure safe disposal of food waste from ships, markets, hotels and other establishments to prevent access by pigs.

Culling and Safe Disposal of Carcasses

Where culling is directed by the competent authorities, pigs confirmed or suspected to be infected, as well as pigs identified as exposed through contact with infected pigs, shall be dealt with in accordance with official disease-control instructions.

> Contact the area SVO immediately for necessary action. Culling shall be undertaken under the supervision of the SVO, in coordination with the SVPNC team and the concerned administration.

> Pigs identified for culling shall not be slaughtered, moved or disposed of by farmers on their own.

> Carcasses shall be

disposed of safely through deep burial, in accordance with the directions of the competent authorities and applicable environmental and public-health requirements.

> As far as practicable, individual burial pits should be avoided in favour of common community burial pits identified at the Panchayat level or above, at suitable locations away from human habitation and transport routes, subject to site suitability and official approval.

> Sick, suspected, exposed and healthy pigs shall be kept segregated as far as practicable, under veterinary guidance, to minimise further transmission.

Compensation

Compensation, wherever admissible, shall be considered in accordance with the applicable Government of India notification dated 2020 and the prescribed procedure. Farmers must cooperate with the designated team and complete the prescribed verification formalities.

Strictly follow official directions on the movement of pigs and pork products between islands and through ships, boats and other transport. Ensure appropriate cleaning and disinfection of vehicles, containers and equipment.

Treatment and Vaccine

There is no specific curative treatment or officially approved vaccine for ASF. Strict biosecurity, early reporting, segregation and timely implementation of official disease-control measures are essential to prevent further spread. The cooperation of all is required to control and eradicate the disease from these islands, a press release from Deptt. of AH&VS said.

African Swine Fever confirmed in pigs..... (Contd. from page 1)

Compensation, where admissible, shall be payable in accordance with the eligibility conditions, rates and procedures prescribed by the Ministry of Fisheries, Animal Husbandry & Dairying, Government of India, after mandatory verification by the team constituted for the purpose.

Pig owners and the general public are requested to strictly comply with the movement ban across the Islands and follow the instructions of the veterinary authorities. There is no cause for panic among the public as the disease does not affect humans, a press release from Deptt. of AH&VS said.

District/Charge Census Officers/Officials..... (Contd. from page 1)

the successful conduct of Population Enumeration of Census 2027. As part of their duties, these trained officers shall get the field level functionaries (Enumerators and Supervisors) appointed, trained and shall provide necessary support in collecting census information through house to house enumeration.

The training programme served as an important initiative to strengthen the

capacity of Census functionaries, enhance their operational understanding and ensure the smooth and systematic conduct of Population Enumeration under Census 2027, a press release from DCO, A&N Islands said.

Valedictory function of capacity building training prog. for identified FLN Mentors held

Sri Vijaya Puram, Oct. 16

The valedictory function of the five-day Capacity Building Training Programme for Identified Foundational Literacy and Numeracy (FLN) Mentors (Primary School Teachers) was held today at Government Girls' Senior Secondary School, Sri Vijaya Puram. The programme was organised by Dr. S. Radhakrishnan DIET, Garacharma, under the NIPUN Bharat Mission, with the participation of 111 Primary School Teachers of all nine educational zones.

The training

programme aimed to enhance the professional competencies of FLN Mentors and equip them with effective pedagogical strategies to guide and support teachers in improving foundational learning outcomes at the primary level.

Smti. Archana Singh, Principal, Government Girls' Senior Secondary School, Sri Vijaya Puram, graced the occasion as the chief guest. She highlighted the importance of continuous professional development for teachers and collaborative efforts to improve the quality of school education. In his

address, the Principal, Dr. S. R. DIET emphasised the need for necessary changes in teaching and learning practices at the foundational stage.

Over the five days, the programme provided a platform for professional learning, experience-sharing, and reflection on effective classroom practices. The participating teachers engaged in various learning activities designed to strengthen their understanding of foundational literacy and numeracy and enhance their capacity to mentor fellow teachers, a press release from DIET said.

Functioning of Government facilities reviewed

Diglipur, Oct. 16

The Assistant Commissioner, Diglipur, Shri Santosh Prakash, visited Nischintapur village today to take stock of the functioning of Government facilities and interact with local residents to understand their concerns and grievances. The visit was very important as Nischintapur is one of the most remote village of Diglipur Tehsil and a difficultly accessible and a cut off village.

During the visit, the Assistant Commissioner inspected the Anganwadi Centre, Health & Wellness Centre and Government Primary School at Nischintapur to assess the functioning of these institutions and the delivery of essential public services. At the Health & Wellness Centre, he interacted with senior citizens and listened to their grievances and concerns. He

also interacted with students at the Government Primary School, Nischintapur, and inspected the kitchen of the Anganwadi Centre.

The Assistant Commissioner listened to the issues raised by the villagers and noted them for necessary follow-up. He assured the residents that their grievances would be taken up with the concerned line departments and that appropriate action would be pursued for their redressal.

The visit was also attended by the concerned PRI members, reflecting the importance of coordination between the Administration and local representatives in addressing community-level issues and improving the delivery of public services, a press release from AC, Diglipur said.
