MoES-funded GSLV-F14/INSAT-3DS successfully launched

Set to boost India's weather and climate prediction and forecasts, timely alerts and early warnings & advisories for public and last mile users such as fisherfolk and farmers

Sriharikota, Feb. 17(PIB) Satellite INSAT-3DS on launch vehicle GSLV-F14, fully funded by the Ministry of Earth Sciences (MoES), was successfully launched by the Indian Space Research Organisation (ISRO) from the Satish Dhawan Space Centre in Sriharikota, Andhra Pradesh today.

INSAT-3DS will augment the country's meteorological (weather, climate, and ocean related) services with the presently operational INSAT-3D and INSAT-3DR in-orbit satellites. The newly launched INSAT-3DS satellite aims to enhance the monitoring of Earth's surface, atmosphere, oceans, and

environment, elevate capabilities in data collection and dissemination and satellite-aided search and rescue services. The initiative will boost India's weather, climate, and ocean-related observations and services, expanding knowledge and better disaster mitigation and

preparedness in the future. The 51.7-meter (m) tall and 4 m wide Geosynchronous Satellite Launch Vehicle (GSLV)-F14 placed the INSAT-3DS satellite into a geosynchronous transfer orbit, then to a geosynchronous stationary orbit in space.

INSAT-3DS is configured around ISRO's well-proven I-2k bus platform with a lift-off mass of 2,275 kilograms. It is equipped with state-of-the-art payloads: (i) an imager payload with a six-channel optical radiometer to generate images of the Earth and its environment; (ii) a

19-channel sounder payload to provide information on the atmosphere; communication payloads, namely (iii) a data relay transponder to receive meteorological, hydrological and oceanographic data from automatic data collection platforms, and (iv) a satellite aided search and rescue transponder that relays a distress signal or alert from beacon transmitters with global coverage. Indian Industries have significantly contributed to the making of the INSAT-3DS. Meteorological data from the INSAT-3DS (Contd. on last page)

A&N Police issues advisory on cybercriminals blackmailing citizens

Port Blair, Feb. 17

Sextortion is a form of blackmail where cybercriminals threaten to share intimate images of the victims online unless they give in to their demands. While sextortion can be perpetrated by individuals, organized crime is often behind it when the blackmailer demands money. The blackmailer may be based in India or outside the country. Both men and women can be victims of this crime.

In this regard, the Andaman and Nicobar Police has issued the following advisory to safeguard the citizens:

> Avoid replying to unknown video calls, unknown friend requests, messages from unknown numbers. Similarly avoid sending friend requests to people you do not know.

> Avoid sharing your phone number online with anyone unless you know the person well.
> Avoid sharing intimate photos or videos with others on social media or other messaging apps, as these may be used for blackmailing.
> Keep a record of all contacts from the b l a c k m a i l e r s , particularly any demands or threats and

make a note of everything you know about them for reporting purposes. For assistance, information or enquiries, contact the Cyber Crime Police Station, A&N Islands over National Helpline No. 1930 and A&N Police Helpline No. 9531856083 or visit cybercrime.gov.in, a press release from SP (CID) said.
