## PM holds second part of interaction with CMs to discuss situation post Unlock 1.0

# Discipline shown by people during Lockdown has prevented exponential growth of COVID-19: PM

## We need to fight rumours of Lockdown and plan for Unlock 2.0

The Prime Minister, Shri Narendra Modi paying tributes to the Martyrs of Galwan Valley during the Virtual Conference with the Chief Ministers in New Delhi on June 17, 2020.

New Delhi, June 17 (PIB)

Prime Minister, Shri Narendra Modi today held the second part of two day interaction with Chief Ministers via video conferencing to discuss the situation post Unlock 1.0 and plan for tackling the COVID-19 pandemic. Prime Minister observed that the spread of the virus is greater in certain big states and cities. High density of population, difficulty in maintaining physical distancing and daily movement of people in huge numbers has made the situation challenging, yet through patience of citizens, readiness of administration and dedication of corona warriors, the spread has been kept under control. Through timely tracing, treatment and reporting, the number of those recovering is rising, he said. He added that the discipline shown by people during Lockdown has prevented the exponential growth of the virus.

Prime Minister talked about the presence of better health infrastructure and trained manpower to meet the challenge. He highlighted the increase in domestic manufacturing capabilities of PPEs, masks, availability of diagnostic kits in adequate quantity, supply of ventilators made in India using PM CARES fund, availability of testing labs, lakhs of COVID special beds, thousands of isolation and quarantine centres, and adequate human resource through training. He underlined the need to give constant emphasis on health

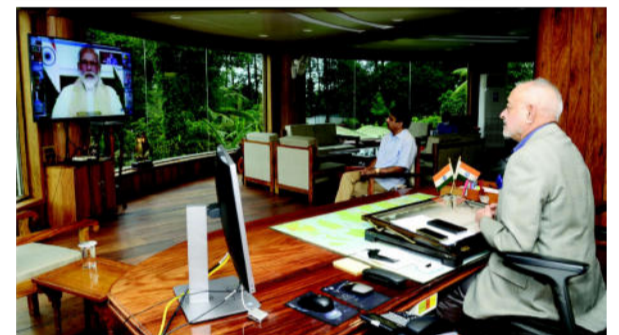

Admiral D K Joshi, PVS, AVSM, YSM, NM, VSM (Retd.), Hon'ble Lt Governor, A&N Islands and Vice-Chairman, Islands Development Agency and Shri Chetan B.Sanghi, Chief Secretary attended the Video-Conference chaired by Shri Narendra Modi, Hon'ble Prime Minister of India & Shri Amit Shah, Hon'ble Home Minister with CMs of States/UTs. They also paid homage to martyrs of Galwan Valley. Discussed best practices and resumption of infrastructure development projects .of the Islands.

infrastructure, information systems, emotional support and public participation.

Prime Minister stressed the importance of testing to quickly trace, track and isolate those affected. The existing testing capacity needs to be utilized fully, and along with constant efforts for expansion, he said. He mentioned the benefits of telemedicine and the need to create a big team of senior doctors who can guide and inform the sick through this means. He also talked about spreading timely and correct information through the helplines and the need to build a team of young volunteers to run the helplines effectively.

Prime Minister observed that the States where Aarogya Setu app has been downloaded in large numbers

are witnessing positive results. Efforts should be made to increase the reach of the app, he said. He talked about being vigilant against health related problems that come with the Monsoon. He also underlined the emotional aspect of the battle against the virus, including battling fear of being afflicted and the stigma attached by making people aware of the high number of those who have defeated the virus and recovered. Our priority must remain to help and support our corona warriors, doctors and health care workers. He added that **Jan Bhaagidaari** is essential in this fight and said that people must be constantly reminded to use masks, face cover, and maintain physical distancing.

## Facilitating better berthing facility for vessels plying to Great Nicobar Shipping Ministry sanctions extension of Campbell Bay Jetty by 50 metres

Port Blair, June 17

The existing jetty at Campbell Bay was constructed during 1970's and extended in various stages lastly up to 1992. Originally, this jetty was constructed for the inter-island vessels like M.V.Sentinel, M.V.Chowra type of vessels of 2400 DWT having a draft of 3.00 to 5.00 mtrs. only and the jetty has been used for that purpose.

Due to the massive earthquake followed by Tsunami that occurred on 26th December, 2004, the approach jetty of 201.00 mtrs. was washed away and damaged and has been reconstructed with bored cast-in-situ piles by raising to a height of (+) 4 .00 mtrs during the year 2009-2010.

The berthing jetty of length 110.00 X 21.00 mtrs which also was constructed prior to 1992 in different stages has also suffered damages due to liquefaction effects of the earthquake and Tsunami.

Due to various developmental activities in the Great Nicobar Islands, more number of higher drafted vessels like Jindal Tara, ALC Cargo Lakshmi & M.F Samsun, MV Campbell Bay

passenger ship of draft 6.40, 6.20 & 5.50 and DWT of 4123, 4860 & 10870, 8450 are regularly calling and need to wait for berthing even after utilizing the Breakwater wharf.

Considering the LOA of 123.44 m of the ship MV Campbell Bay, the shippers are facing difficulties in berthing alongside the jetty due to lesser length of the jetty. During the visit of the Secretary (Shipping), Andaman & Nicobar Administration during April 2019, after discussing with various stakeholders, it was advised to extend the existing jetty by 50 mtr. and strengthening the existing jetty after NDT test, improvement to the existing fendering arrangements etc. Subsequently, the project has been projected at Rs.16.85 Cr under Central Plan works.

The project has been sanctioned on 16th June, 2020 under Central Plan Works of Ministry of Shipping. On receipt of environmental clearance, the work will be taken up and will be completed in 18 months' time, a press release from the Chief Engineer & Administrator, Andaman Lakshadweep Harbour Works said here.
