Cabinet approves restructured Scheme of Rashtriya Gram Swaraj Abhiyan

New Delhi, Apr 21

The Cabinet Committee on Economic Affairs, CCEA, today gave its approval for restructured Centrally Sponsored Scheme of Rashtriya Gram Swaraj Abhiyan (RGSA). The Scheme will be implemented during the period from 1st April this year to 31st March 2022 at the total cost of 7255.50 crore rupees.

This scheme will extend to

all States and Union Territories of the country and will also include institutions of rural local government in areas where Panchayats do not exist. It will help more than 2.55 lakh Panchayati Raj Institutions to develop governance capabilities to deliver on Sustainable Development Goals through inclusive local

governance with focus on optimum utilisation of available resources. As Panchayats have representation of Scheduled Castes, Scheduled Tribes and women, and are institutions closest to the grass-roots, strengthening Panchayats will promote equity and inclusiveness, along with social justice and economic development of the community.

MESSAGE

I am happy to learn that the Department of Environment & Forests, A&N Administration is celebrating "International Mother Earth Day" on 22nd April, 2018 with the theme "End Plastic Pollution" alongwith rest of the country and world to generate awareness about the planet Earth.

The plastic which is less expensive and widely available has become an important material in our daily use. Environmentalists have cautioned plastic to be a long lasting pollutant. In this age of advanced technology, we cannot live plastic free but we have to manage our plastic waste disposal in a way that it neither pollutes environment nor does it hurt economic growth. The littering & unsafe disposal of plastic is causing concern to the environment. The plastic waste not only clogs our drains but also poisons our water & land and pollutes the sea & serene beaches.

We are fortunate that the nature has endowed these Islands not only with very dense forest cover but also with very rich forest biodiversity which is evident from the presence of a wide variety of flora and fauna. The plastic pollution has also started to threaten our environment which may cause irreparable damage to these Islands in future. Hence we need to build a society where the citizens and tourists are environmentally literate and made aware of the ill effects of plastic pollution.

The A&N Administration is taking various measures for generating awareness towards protection of our planet earth. On this day I appeal to all the people to minimize the use of plastic and ensure safe disposal of its waste to protect and preserve the environment of these Islands not only for ourselves but also for our future generations.

were also made to maximize customer enrolment. Each Panchayat had targeted participation by 500 women with a goal of enrolling at least 100 new LPG beneficiaries. Safety Literature (Safety Instruction and Insurance cards were also distributed during the Panchayat session).
In Hope Town village, rural LPG penetration is about 75%. It is expected that through the LPG Panchayat platform, it will be possible to reach the target LPG penetration of 100 %. The event created awareness about the safety and utility of LPG, health benefits of using clean fuels as well informed the women participants about the details of expanded PMUY categories.
Enthused by its success, plans are being firmed up to hold similar LPG Panchayats every month at different centers in the district, an IOCL communique said here today.
