

MoHFW issues SOP for surveillance & response to new variant of SARS-CoV-2 virus

A&N Administration takes preventive steps to tackle the challenge

All incoming passengers arriving at VSI Airport shall have to mandatorily carry RT-PCR negative test report from Dec. 26

Port Blair, Dec. 23

The Ministry of Health and Family Welfare, Govt. of India has issued detailed Standard Operating Procedure dated 22/12/2020 for Surveillance and Response to the new variant of SARS-CoV-2 virus detected in United Kingdom. The Govt. of India has also decided to suspend all flights from UK from Dec. 23 to Dec. 31 or till further orders.

In pursuance of the above SOP and in order to effectively tackle the

challenge arising from the new variant of COVID-19, the Andaman and Nicobar Administration has decided that all incoming passengers arriving at VSI Airport from 26th December, 2020 onwards, shall have to mandatorily carry RT-PCR negative test report issued from ICMR recognized lab, subject to condition that the RT-PCR test should have been taken within 48 hours prior to commencement of journey. The A&N Administration is taking all precautionary steps to

ensure safety of citizens of the Isles.

All Airlines shall ensure strict compliance of the above instruction, an order to this effect issued by Commr-cum-Secretary (CA/Health) said. (Detailed SOP for Epidemiological Surveillance and Response in the context of new variant of SARS-CoV-2 virus detected in United Kingdom issued by Government of India, Ministry of Health and Family Welfare is published on Pg. 2 of this issue.)

MESSAGE

I express my warm greetings to the Islanders on the occasion of "National Consumer Day" on 24th December 2020. It gives me immense pleasure to know that the Department of Civil Supplies & Consumer Affairs is celebrating 'National Consumer Day 2020' in these Islands along with the rest of the country for sensitizing the consumers of their rights to avoid exploitation against any paid services or goods. The theme of this year is "New Features of Consumer Protection Act' 2019" to cultivate a consumer friendly environment by imparting the rights & responsibility of the consumers about the salient features of the newly enacted Consumer Protection Act, 2019.

Since this being a group of 31 inhabited Islands located in the far flung places separated from sea, this UT has launched e-filing services on 28th October 2020, in the District & State Consumer Dispute Redressal Commission, facilitating the consumers for redressal of their grievances through virtual mode of filing & hearing of the consumer cases from any part of this UT.

I call upon the people of this UT to work together and participate in the celebration in solidarity with consumer movement and update their knowledge about their rights through webinars due to COVID-19 pandemic restraints.

I am sure that the celebration of the "National Consumer Day-2020" will help in raising the awareness level of citizens about their rights and responsibilities as consumers as envisaged under the Consumer Protection Act, 2019.

I wish the celebration all success.

**Government of India
Ministry of Health and Family Welfare
Standard Operating Procedure for Epidemiological Surveillance and Response in the
context of new variant of SARS-CoV-2 virus detected in United Kingdom**
22nd December 2020

Introduction
A new variant of SARS-CoV-2 virus [Variant Under Investigation (VUI)-2021/01] has been reported by the Government of United Kingdom (UK) to World Health Organization (WHO). This variant is estimated by European Center for Disease Control (ECDC) to be more transmissible and affecting younger population. This variant is defined by a set of 17 changes or mutations. One of the most significant is an N501Y mutation in the spike protein that the virus uses to bind to the human ACE2 receptor. Changes in this part of the spike protein may result in the virus becoming more infectious and spreading more easily between people.

Scope
This Standard Operating Procedure (SOP) describes the activities to be undertaken at the point of entry and in the community for all International passengers who have travelled from or transited through UK in the past 4 weeks (from 25th November to 23rd December 2020). Any reference to testing in this SOP implies RT-PCR testing only.

**Part A
Actions to be taken at International Airports**

All international travelers as described in the scope above will be required to declare as per existing procedure, their travel history (of past 14 days) and fill up the Self Declaration Form to be screened for COVID-19. The flights from UK stand suspended temporarily from 23rd December till 31st December 2020 or till further orders. All the passengers coming from UK during the intervening period from 21st to 23rd December 2020 shall be subjected to the following process:

1. Respective State governments shall ensure that all passengers travelling from or transiting through airports in UK and disembarking in India would be subjected to RT-PCR test on arrival. In case of a positive sample, it is recommended that spike gene-based RT-PCR test should also be performed by an appropriate laboratory.
2. Passengers testing positive shall be isolated in an institutional isolation facility in a separate (isolation) unit coordinated by the respective State Health Authorities. They would earmark specific facilities for such isolation and treatment. Necessary action to send the samples to National Institute of Virology (NIV), Pune or any other appropriate lab for genomic sequencing will be initiated at the facility level.
 - a. If the report of the sequencing is consistent with the current SARS-CoV-2 virus genome circulating in the country, the ongoing treatment protocol including home isolation/treatment at facility level as per case severity may be followed.
 - b. If the genomic sequencing indicates the presence of new variant of SARS-CoV-2 then the patient will continue to remain in a separate isolation unit. While necessary treatment as per the existing protocol will be given, the patient shall be tested on 14th day, after having tested positive in the initial test. In case the sample is found positive on 14th day, further sample may be taken until his two consecutive samples taken 24 hours apart are tested negative.
3. Those who are found negative on testing with RT-PCR at the airport would be advised quarantine at home and followed up as detailed in Part-C.
4. The concerned airlines shall ensure that prior to check-in, the traveler is explained about this SOP. In-flight announcements must also be made explaining the relevant information to the passengers. Relevant information in this regard shall be prominently displayed in arrival area and waiting area of the airports.
5. Adequate arrangements for passengers waiting for their RT-PCR test results duly following effective isolation may also be made at the airports in conjunction with the airport authorities.

**Part B
SOP for Bureau of Immigration (BOI)**

1. The State-wise passenger manifest of the flights from UK landing at various International airports in India for the past 4 weeks (from 25th November 2020 to 23rd December 2020) shall be conveyed by the Bureau of Immigration to State Government/Integrated Disease Surveillance Programme (IDSP) so that this data would be provided to the surveillance teams.
2. Bureau of Immigration shall share these manifest at the idsp-npo@nic.in and designated e-mails provided by the respective State Governments.
3. The data of manifests provided by Bureau of Immigration will be supplemented by the online Self-declaration Forms available on 'AIR SUVIDHA' portal.

**Part C
SOP for Surveillance by State Governments/ Integrated Disease Surveillance Programme (IDSP)**

1. All the contacts* (without any exception) of those travelers who arrived at various airports on 21st-23rd December, 2020 and tested positive would be subjected to institutional quarantine in separate quarantine centers and would be tested as per ICMR guidelines (or earlier if the passenger develops any symptoms suggestive of COVID-19) as per Clause 1 in Part A. Contacts testing positive shall be subjected to activities mentioned in Clause 2 of Part A.

(*Contacts of the suspect case are the co-passengers seated in the same row, 3 rows in front and 3 rows behind along with identified Cabin Crew)
2. The list of travelers (travelling between 21st-23rd December) who are found RT-PCR negative at airport testing shall be shared with the respective States by the Central unit of IDSP (facilitated by APHO/BOI). They shall be advised for quarantine at home and tested as per ICMR guidelines (or earlier if the passenger develops any symptoms suggestive of COVID-19) as per Clause 1 of Part A. Their monitoring would be ensured by respective State Governments/IDSP. Those found positive shall be subjected to activities mentioned in Clause 2 of Part A.

3. Those international travelers from UK who arrived in India from 25th November to 8th December 2020 (1st & 2nd week from 25th November) will be contacted by District Surveillance Officers and advised to self-monitor their health. If anyone amongst them develops symptoms, they will be tested by RT PCR as detailed in Clause 1 of Part A.

◆ If tested positive, genetic sequencing will be done. If the results are consistent with current circulating SARS-CoV2, action as contained in Clause 2(a) of Part A will be followed.

◆ If the results of genomic sequencing are consistent with new variant, then action contained in Clause 2(b) of Part A will be followed.

4. The list of international travelers who arrived in India, as described in the scope above, between 9th December to 23rd December (3rd & 4th week) will be shared with respective State/ District Surveillance Officers for daily follow up till 14 days after their arrival in India.

5. Passenger will be provided following advice during first visit / contact by health care provider:

- a. You will also receive daily calls/visit from State health officials to ask your health status for the day, kindly cooperate with them.
- b. You are requested to self-monitor for development of symptoms suggestive of COVID-19 i.e. Fever, Cough, Difficulty in breathing for 28 days from the date of arrival from UK.
- c. In case you develop symptoms (fever, cough, difficulty in breathing), put on a mask immediately, isolate yourself at home, and inform District Surveillance Officer or contact National (1075) or State Helpline.
6. District Surveillance Officer has to ensure daily follow up of passengers under observation for 28 days starting from date of arrival.
7. For all travellers, listed in Para 4 above, District Surveillance Officer shall facilitate testing (irrespective of previous testing at the place of origin or at the airport of arrival) with RT-PCR.
