PM launches High Throughput COVID testing facilities at Kolkata, Mumbai and Noida via video conferencing

India now has more than 11,000 COVID facilities and more than 11 lakh isolation beds: PM

New Delhi, July 27(PIB) Prime Minister, Shri Narendra Modi launched three high throughput COVID-19 testing facilities via video conferencing today. These facilities are located at the National Institutes of Indian Council of Medical Research, at Kolkata, Mumbai and Noida. Prime Minister said that these hi-tech state-of-the-art testing facilities will boost the testing capacity by almost 10,000 daily tests in each of the three cities. More number of tests will assist early detection and treatment, thereby helping fight the spread of the virus. He added that these labs will not be limited to testing for COVID, but in future, will also be able to test for Hepatitis B and C, HIV, Dengue and

several other diseases. Prime Minister underlined that due to timely decisions taken by the Government, India is better placed vis-a-vis other countries in terms of deaths due to COVID. The recovery rate is also higher than other countries and is improving on a daily basis. The total number of people

who have recovered from the virus is about to reach 10 lakh. Prime Minister said that it was imperative for the country to develop corona specific health infrastructure at a fast pace. He noted that the Centre had announced a package of Rs 15,000 crore at the beginning of this battle. The country now has more than 11,000 COVID facilities and more than 11 lakh isolation beds. While the country had only one COVID testing centre in January, there are almost 1300 such labs now. He said that at present, more than 5 lakh tests are being conducted in the country daily, and

First death due to COVID-19 reported in Isles; patient was co-morbid Administration increases surveillance at Airport & in field; UT conducting 55343 test per million People urged to meticulously observe all safety measures: wear mask in public places, observe respiratory etiquette and maintain '2 Gaj Ki Doori'

Port Blair, July 27 The first death due to COVID-19 virus in Andaman and Nicobar occurred on July 27. The 49 year old male staffer of DC Office, succumbed to COVID-19 this morning. The patient was admitted in the hospital on July 19 after testing positive for COVID. The patient was co-morbid and a known case of hypertension, diabetes and coronary artery diseases. In addition, the patient was also diagnosed with Chronic Kidney Disease after admission. During the treatment, the patient also developed left Lobar Pneumonia with septicaemia. The O₂ saturation dropped significantly today morning and he did not respond to resuscitation given and succumbed at 6.55 am on July 27. Presently, the UT has 338 cases, out of which 192 patients have recovered. The recovery rate in the Islands is around 57%. It is to mention that the fatality rate is

only 0.3% against the total confirmed cases against the national average rate of 2.28%. However, every life is precious and the dedicated teams of health care workers including Doctors, Police and District Administration are working day and night in the field for tracing the suspect cases, testing them and thereafter treating them. The Administration has increased its surveillance at Airport and in the field, to ensure that, any person who has symptoms of the virus is detected and isolated. All passengers who are destined to tribal areas are sampled at airport itself and are allowed to these areas, only after they tested negative. The Department of Health has also increased its testing capacity by making operational 5 TruNat machines in GB pant Hospital and 1 machine in Dr. R P Hospital, Mayabunder. This is in addition to RMRC-ICMR lab

already working at Dollygunj, Port Blair. Due to enhanced testing capacity, the Department of Health is able to detect more confirmed cases in the Islands. Currently, the UT is conducting 55343 test per million which is highest in the country. As a matter of fact, the cooperation of local population is vital, to prevent the transmission of the virus. It is observed that many people are still roaming around at public places without safety measures such as without mask and in congregations which may prove fatal to them. The general public have been urged to meticulously observe all safety measures as prescribed by Government of India and local Administration until a vaccine is developed. Wearing the mask in public places and observing respiratory etiquette including maintaining '2 Gaj Ki Doori' is best way to keep the virus away.

The Administration is making all-out efforts to prevent the spread of virus in the Islands, however it needs help and cooperation from public to fight against this mysterious disease more effectively. People should avoid travelling in and outside the Islands and refrain from venturing out of their home, until and unless, it is necessary to replenish essential supplies and medical requirements. Moreover, people should ensure that senior citizens, children below the age of 10 years, pregnant women and people with co-morbidity i.e. persons who are having chronic medical conditions such as hypertension, diabetes, coronary disease, kidney/lung disease etc. should not come out from home except for medical requirements as virus is proving fatal to the persons with co-morbidity, a press release from Principal Secretary (Health) said.

Port Blair, July 27 The COVID-19 virus pandemic has impacted all aspects of our life, including our mental health. The previous few months have seen a surge in cases of psychological distress including suicide in the Islands, attributed to stress triggered by the lockdown along with enforced isolation, increased anxiety and reduced access to therapy. The other reasons include financial crisis, problems in family or relationships etc. Due to social distancing, there is less chance that friends and

relatives recognize when someone is in a suicidal state to organize help. Stigma related to COVID-19 may also lead to a feeling of isolation and depression. In a press release, the Social Welfare Department, A & N Administration has stated that it is committed to provide all necessary assistance to any person suffering from anxiety, depression and distress. The One Stop Centre/ Women's Helpline under Department of Social Welfare

available 24x7 to provide counseling services and other necessary support. One Stop Centres are functional in all 3 Districts and they can be contacted as detailed below:

PM launches High Throughput COVID testing facilities

(Contd. from page 1)

efforts are underway to increase this capacity to 10 lakh in the coming weeks.

Prime Minister noted that the country has become the second largest PPE kit manufacturer. The country has progressed from not having even a single PPE kit manufacturer as recently as six months ago, to having more than 1200 manufacturers now, who are producing more than 5 lakh such kits daily. He also highlighted that from being dependent on imports, now more than 3 lakh N-95 masks are being produced in the country daily, annual production capacity of ventilators has become 3 lakh and there has also been a significant increase in the production of medical oxygen cylinders. This has not only helped save lives but has also converted India from an importer to an exporter. Talking about efforts to contain the spread in rural areas, Prime Minister mentioned the need to develop new health infrastructure as well as boost the already existing health infrastructure facilities in the villages.

Prime Minister said that apart from developing the physical infrastructure, the country has also managed to swiftly ramp up human resources including paramedics, ASHA workers, Anganwadis etc, who have played a significant part in controlling the spread of the pandemic. He also spoke about the need to work on continuously attaching new and retired health professionals with the health system in order to prevent fatigue from setting in our corona warriors.

He forewarned people to be cautious during the celebrations of the festivals to come, in order to keep the virus contained. He underlined that the benefits of PM Garib Kalyan Anna Yojna should reach the poor timely. He added that till the time a vaccine is not developed, 'do gaz doori', 'wearing masks' and 'hand sanitization' are the tools at the disposal of the people to keep them safe.

Department of Fisheries initiates action for strict implementation of A&N Marine Fishing Regulation-2003

Surprise check conducted at Junglighat Fish Landing Centre; fishing license of eight boats suspended for one month

Port Blair, July 27

On receiving reports of fishing activity taking place in near shore areas in contravention to the A&N Islands Marine fishing (Amendment) Rules, 2019, the Department of Fisheries conducted a surprise check on 24th July, 2020 at Fish Landing Centre, Junglighat along with the police force of Aberdeen PS to restrain such detrimental fishing activities harmful for the fish stock, environment and biodiversity of A&N waters.

The team has inspected and found unlicensed and non-permitted fishing gears (viz., Ring Net) onboard anchored in and around the landing centre which appears to be in use for fishing activity. As per the prevailing provisions under A&N Islands Marine Fishing (Amendment) rules-2019, the fishing license of eight fishing boats has been suspended for a period of one month. Further, the Department is actively conducting inspections of all vessels suspected of using non-permitted fishing gear and strict action and legal proceedings will be initiated against such offenders. The owners of all fishing boats have been advised to strictly comply with the terms and conditions of fishing license and also abide by the instructions issued by the Department from time to time, to avoid any punitive action. Similar check will be intensified by Fisheries Department in the coming weeks and strict penal action will be initiated against violators.

Single window system to be set up soon for industrial clearances and approvals

New Delhi, July 27 (PIB)

The Government is soon going to set up a single window system for clearances and approvals of industry in the country. Talking to the sovereign wealth funds, the foreign pension funds and others on ease of doing business and investments in infrastructure sector in India, Commerce and Industry Minister, Shri Piyush Goyal said that this would be a genuine single window and all the concerned State Governments and Central Ministries are being taken on board for the system. The Minister also said that the Government is working on creating a land bank, for which six States have already given their consent. He said that the potential investors would then be able to locate and identify the land banks from their distant offices and finalize the location of industries, without frequently visiting the offices of land owning agencies. On the issue of further easing and speeding up the process of approvals for industry and investments, the Minister also referred to the recent decisions of the Cabinet to set up an Empowered Group of Secretaries led by the Cabinet Secretary to take decisions on various industries' schemes and projects.

Govt. employees retiring during COVID

(Contd. from page 1)

However, because of the disruption in the official work due to COVID pandemic and lockdown, Dr Jitendra Singh said, some of the employees who had retired during this period may not have been provided with PPO. But, as an evidence of the present Government's sensitivity towards the pensioners and the senior citizens, a decision was taken that in order to avoid a delay in the start of regular pension covered under CCS (Pension Rules) 1972, the rules may be relaxed to enable seamless payment of 'Provisional Pension' and 'Provisional Gratuity' till the regular PPO is issued.

As per the OM (Office Memorandum) issued by Department of Pensions, affiliated to the Ministry of Personnel, the payment of 'Provisional Pension' will initially continue for a period of six months from the date of retirement and the period of 'Provisional Pension' may be further extended up to one year in exceptional cases. These instructions shall also be applicable in cases where a government servant retires otherwise than on superannuation i.e. voluntary retirement, retirement under FR 56, etc.

People of all ages can be infected with the coronavirus(nCoV-19) hence everyone should maintain hygiene and social distancing by not going out of house unnecessarily, not undertaking non-essential travel and keeping away from people who are sick

Elderly people and people with pre-existing medical conditions (such as asthma, diabetes, heart disease) are more vulnerable to the virus infection. So to reduce their risk of getting sick, they should -

- Stay at home.
- Wash their hands often.
- Take everyday precautions to keep space between themselves and others (stay 6 feet away, which is about two arms lengths) - especially keep away from people who are sick.

1 During pregnancy, your immune system isn't as quick to respond to illnesses. This may increase your risk of getting sick with viruses, like **COVID-19**.

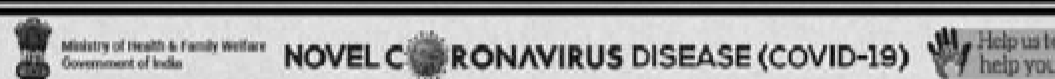

2 Spread of **COVID-19** occurs mainly when a person infected with the virus coughs or sneezes. To protect yourself from the virus, take these steps:

- Wash your hands regularly with soap and water
- Limit or avoid contact with people who are sick
- Clean and disinfect objects you touch regularly
- Try not to touch your eyes, nose or mouth

3 If you have any of these symptoms, call your health care provider right away:

- Fever
- Cough
- Shortness of breath

What do we do to protect ourselves from COVID-19?

We wear a mask, maintain physical distance and follow hand hygiene!

Badakar Apna Vyavahar, Karein Corona Par Vaar

Together we will fight COVID-19
