Public Hearing by Lt Governor

Port Blair, Mar. 28

The practice of scheduling a Public Hearing only on Tuesdays at 1130 hrs was started in 2013, with the view to facilitating Islanders to personally convey their grievances to the Lt. Governor. There have been frequent representations that the Hearings being fixed rigidly on a specific day and time is not convenient, as many residents, on account of their employment and other requirements, are unable to attend the same. Also, on account of outstation travel requirements of the Lt Governor and other commitments in some instances, the Hearings had to be cancelled; thus delaying the process of being heard. Further, the Public Hearings being confined to Port Blair, other Islanders who constitute roughly half the population are denied this opportunity.

The practice of holding Public Hearings only on Tuesdays at a fixed time is therefore being modified, to facilitate a larger cross section of residents. The Public Hearings will henceforth be scheduled in a more flexible manner, on different days of the week and at different times. This will be notified to the members of the public, sufficiently in advance. Public Hearings will also be conducted in other places in A&N Islands, with notifications sufficiently in advance. The next Public Hearing at Port Blair will be held on 5th April, 2018 at 3 PM.

The Information Commissioner gave details of the preamble of the Act and said that information sought by citizen may be in conflict with the Govt. functioning and therefore certain articles of the Act provide exemption in sharing information on matters that may have adverse impact on national interest. Articles 8, 9, 10 and 11 provide right to privacy of matters that cannot be shared with the citizen, he said and appealed to the RTI functionaries to upload information, whatever can be disclosed, in the RTI website so that all can have access to those information. He also advised them to go through the Act thoroughly and apprise themselves of the various provisions so as to enable them discharge their duties and responsibilities relating to the Act.
Speaking on the occasion, the Chief Secretary urged the PIOs and APIOs to remain proactive in sharing information with the citizen. Citizen should be served first and the way of administrative functioning should not be hidden to them, he said. "To run an efficient, clean and transparent Administration, we need to give priority in providing any information sought by the citizen", he said. This will enforce certain corrective measures in the way of our functioning; he said adding that efficient, clean and transparent Administration is a good sign of vibrant democracy.
In her welcome address, the Secretary (AR&Trng.), Smt. Rashmi Singh informed that implementing the RTI Act is a great challenge for the Administration. "The most important factor about RTI Act is that the Act builds a dialogue between citizen and the Government and we are expected to be instrumental in sharing all kinds of information required by the citizen. Our service is to implement the Government schemes for the welfare of the citizen and they need to know the progress and expenditure involved in those projects", she said adding that RTI Act is the great instrument for the citizen to acquire information.
