## MESSAGE

It gives me immense pleasure to know that the World Rabies Day will be observed in this Union Territory of Andaman and Nicobar Islands along-with rest of the World on the theme "Educate, Vaccinate, Eradicate".

Rabies is a highly fatal disease of human and all other warm blooded animals. Though there is no known cure, the disease can be prevented by vaccination. World Rabies Day is celebrated every year on 28th September to commemorate the death anniversary of Louis Pasteur who developed the first efficacious rabies vaccine.

I am glad to know that this Island territory is free from Rabies. I appeal to all animal welfare activists, animal lovers, animal welfare organizations and the professionals from Public Health and Veterinary sector to sensitize the public on the issues related to control of Rabies and to educate the people on the significance of prevention of the disease.

I am confident that with our combined effort we can continue to keep the territory free from Rabies for the future generations.

I extend my best wishes to the Global Initiative to end Rabies forever.

India to reclaim ICC Test top spot if it wins in Kolkata

Kolkata, Sept 27  
India will reclaim the ICC Test Rankings top spot from Pakistan if it wins the second Test against New Zealand starting on Friday in Kolkata. The victory in its 500th Test in Kanpur meant that India is now one victory away from reclaiming the ICC Test Championship mace from Pakistan. India had entered the three-match series against the Kiwis, trailing Pakistan by one point and needed to win the series to move ahead of its traditional rival. Off-spinner Ravichandran Ashwin, who was the star of the Kanpur win, also climbed one place to occupy second position in the ICC Test Rankings among bowlers. However, to move ahead or edge even closer to Smith, Williamson will have to produce strong performances in the

remaining two Tests. Ashwin also contributed with a useful innings of 40 to consolidate his position at the top of the list of all-rounders. Ashwin has reached a career-best rating of 450, opening up a 66-point gap with second-placed Shakib Al Hasan of Bangladesh. There was not much to cheer for other New Zealand batsmen apart from Williamson, but for India, opener Murali Vijay and

Cheteshwar Pujara made significant gains. Vijay and Pujara, who became the first Indian pair in 10 years to notch century partnerships in both innings of a Test match, moved up from joint-20th position to joint-16th position. Other Indian batsmen to move up were Lokesh Rahul, who gained five ranks to reach 57th position, and Rohit Sharma, who gained two slots to reach 52nd rank.

Only leg-spinner Clarrie Grimmett got to the double century of wickets faster than Ashwin as the Australian reached there in 36 Tests.
