## President calls for empowerment of leprosy affected people

New Delhi, Jan 29  
President Shri Pranab Mukherjee has stressed the need to empower the people who have been socially discriminated on account of leprosy through advocacy and information dissemination. In his message on the eve of Anti Leprosy Day, Shri Mukherjee said the scourge of leprosy has been a blot on humanity over the years. He advocated for every possible effort to spread awareness about leprosy, its treatment and rehabilitation of its patients. Shri Mukherjee said the need

of the hour is to intensify efforts towards early detection of leprosy cases, provide equitable access to appropriate treatment and provide integrated leprosy services in geographically focused areas. The President also asked to work actively to achieve the goal of a leprosy free India. Shri Mukherjee recalled Mahatma Gandhi's love and compassion for patients suffering from leprosy saying the Father of the Nation understood the social dimensions of the disease and worked relentlessly to reintegrate them into the social mainstream.

## Salt Water Crocodile Population census in Andaman and Nicobar Islands on Jan 30 & 31

Port Blair, Jan 29  
Saltwater Crocodile is a keystone species that play an important role in biodiversity and maintenance of ecosystems. Effective management plans are critical for the continued existence of crocodile populations and minimizing the human crocodile conflict in coastal and marine environments of the Andaman and Nicobar Islands. Limited data on the population size, distribution, age structure and sex ratio pose difficulties in addressing the issues related to its conservation and management of the species and also developing mitigating measures to reduce the human animal conflicts. Establishing the status and distribution of saltwater crocodile in Andaman and Nicobar Islands is recognized as a priority by the Department of Environment and Forests, Andaman & Nicobar Administration.

The Andaman and Nicobar Islands are in the saltwater crocodile's natural distribution area. The Islands long coastline of 1962 km fringed with numerous creeks and lush green mangroves are habitat for saltwater crocodiles. The primary objective of this census is to conduct population assessments in all creeks, mangrove areas and other coastal areas of entire Andaman and Nicobar Islands. A total of 122 major creeks viz. 36 in south Andaman, 11 in

Baratang, 11 in Middle Andaman, 12 in Mayabunder, 13 in Diglipur, 8 in Havelock, 6 in Little Andaman and 25 in Nicobar Islands have been identified for carrying out the census. Both day count and night count using spotlight will be carried out to estimate the population status, size, distribution and structure, etc. Besides direct count, (Contd. on last page)

## Naval divers mark 67th Republic Day in Andaman in unique fashion

Port Blair, Jan 29  
Unfurling the tri-colour in farthest reaches of the Indian Republic, two Naval Officers marked the 67th Republic Day in a unique fashion at the Andaman Islands. Lt. Cdr Shailesh Tyagi, a Marine Commando and a Nao Sena Gallantry medal awardee on two occasions along with Lt. Cdr. Anurag Sharma, a Navy Diver, commemorated the Republic Day in true Naval spirit. The officers trekked to Mount Harriet, the highest point in South Andaman at 1,200 ft, and hoisted the

tricolour at Kala Pathar, where Indian prisoners were executed

by being pushed into the valley prior independence. The Naval officers wished to pay tribute to martyrs and honour their struggles that culminated in the Indian Republic. The Naval divers then went on to unfurl the Tricolors 40 feet underwater at a wreck of a cargo vessel off the coast of Port Blair, living up to the Navy credo of 'Shau Nau Varuna.'

Emphatic India register rare series win in Australia, beat hosts by 27 runs in 2nd T20I

New Delhi, Jan 29 India led by Mahendra Singh Dhoni were exceptional on the day at the MCG, Melbourne as the visitors sealed the Twenty20 series with a 27-run win on Friday. India have taken a 2-0 lead and will go into the last match on a high. India scored a mammoth 184/3 before Australia were scrambled for 157/8 in 20 overs. MS Dhoni needs to be credited as the side came back strongly with their bowling after Australia got off to a big start. Aaron Finch and Shaun Marsh dictated the proceedings and ran through the first power play seeing off Jasprit Bumrah and Ashish Nehra. In no time the hosts cruised to 62/0 in six overs with skipper Aaron Finch punishing all the short balls everywhere in the field. Dhoni introduced spin in the form of Ravindra Jadeja and Ravichandran

Ashwin but Finch ensured he got the scorecard ticking off at a brisk pace. 26 runs were belted in the duo's first three overs before Ashwin struck India's first wicket. It was an eventful over where two catches were dropped before Hardik Pandya held on to Shaun Marsh's shot at long-on. Dhoni brought in Pandya next and the youngster struck with Chris Lynn making his way out. Yuvraj Singh came into the action and bowled two vital overs that changed the course of the game as he sent Glenn Maxwell on his way and also bowled a tidy spell. India got a hold there on and just like Adelaide, the wickets of the Aussies started to crumble fast. Bumrah bowled an excellent last over and Australia finished at 157/8. Earlier, India got off to a bright start

through Shikhar Dhawan and Rohit Sharma. After three quiet overs in the beginning, the duo broke the shackles loose and targeted the Aussie bowlers. In no time the inform duo soaked in everything and went ablaze at the MCG. Interestingly, they too added 97 runs for the first wicket before Dhawan departed. Virat Kohli came in and started to set the game from where he left off in Adelaide. He got the necessary boundaries and creamed the ball through the off side. After Rohit Sharma (60) got out, MS Dhoni came in and chipped in with a brisk 14. The duo had ensured running between the wickets were at top. In the end a fifty from Kohli ensured 184 runs on the board as India felt they dominated the proceedings at the MCG.
