

**Cabinet approves National Education Policy 2020**  
**New Policy aims for universalization of education from pre-school to secondary level**

New Delhi, July 29 (PIB) The Union Cabinet chaired by the Prime Minister, Shri Narendra Modi approved the National Education Policy 2020 today, making way for large scale, transformational reforms in both school and higher education sectors. This is the first education policy of the 21st century and replaces the thirty-four year old National Policy on Education (NPE), 1986. Built on the foundational pillars of Access, Equity, Quality, Affordability and Accountability, this Policy is aligned to the 2030 Agenda for sustainable development and aims to transform India into a vibrant knowledge society and global superpower by making both school and college education more holistic, flexible, multidisciplinary, suited to 21st century needs and aimed at bringing out the unique capabilities of each student.

NEP 2020 emphasizes on ensuring universal access to school education at all levels- pre-school to secondary. Infrastructure support, innovative education centres to bring back dropouts into the mainstream, tracking of students and their learning levels, facilitating multiple pathways to learning involving both formal and non-formal education modes, association of counsellors or well-trained social workers with

**COVID-19: Directives issued to shops & establishments for strict compliance**

**Owners shall strictly ensure physical distancing norms of 6 feet inside the premises**  
**Workers/customers/visitors to be allowed entry in market complex only with face cover/masks**

**Shops to be sealed if found violating the directives**

Port Blair, July 29 In pursuance of the Order issued by the Chief Secretary, A&N Administration dated 28.07.2020, the District Magistrate, South Andaman District has issued an Order No. 868-dt. 29th July, 2020 stating that owners of shops and establishments shall strictly ensure physical distancing norms of 6 feet to be maintained inside the premises. Depending on space availability, not more than 5 customers to be allowed in a shop at a time. For smaller shops/booths, not more than one person to be serviced at a time. Other customers will maintain physical distancing of 6 feet- 2 Gaz ki Doori. Space markers denoting '2 Gaz ki Doori' (6 Feet) shall be marked outside the shops for lining up. All workers/customers/visitors to be allowed entry only if using face cover/masks. The face cover/mask has to be worn by all, at all times inside the shop/establishment.

The Order further mentioned that respiratory etiquettes to be strictly followed. This involves strict practice of covering one's mouth and nose while coughing/sneezing with a tissue/handkerchief/flexed elbow and disposing off the used tissues properly. Self-monitoring of health by all staff and reporting any illness at the earliest to helpline Nos. 1070/1077. The staff for home deliveries shall be screened

thermally prior to allowing home deliveries. Cleaning and sanitation of the shops/establishments. Regular disinfection (using 1% sodium hypochlorite) of frequently touched surfaces like knobs, counters, hand rails etc. For Market complexes (vegetable, fish etc) the following is mandated:

- Shops to be opened alternatively on days to maintain physical distancing between shopkeepers and customers.
- Entry point to have facility for hand sanitization/washing.
- All persons entering the complex/market to be thermal screened.
- Market association to deploy volunteers for queue management and Thermal screening.
- All workers/customers/visitors to be allowed entry in the market complex, only if using face cover/masks. The face cover/mask has to be worn by all, at all times inside the market complex.
- Proper Hygiene and Sanitization inside the market complex to be maintained by the market Association/PBMC/Panchayat.

Any violation of the above directives would be viewed

very seriously and the concerned shop/establishment/ will be sealed/closed for 7 days by the enforcement team of the Administration, besides levy of fines along with any other action under the relevant law, the order issued by DM, SA added.

Meanwhile, in order to ensure effective compliance of National Directives on COVID-19 management and to contain the spread of COVID-19 virus in North and Middle Andaman District, the District Magistrate, North & Middle Andaman District by virtue of powers vested under the Disaster Management Act, 2005 has also directed that all shops in North and Middle Andaman District should not allow more than five persons at a time and to ensure that '2 gaz ki doori' is maintained between customers and with staff. Everyone must mandatorily wear face cover/mask and observe good respiratory hygiene.

Any shops violating these protocol will be shut for seven days and shall invite penal action u/s 188 of Indian Penal Code, 1860 and the relevant provisions of the Disaster Management Act, 2005, apart from fines as prescribed via Order No.184 dated 30th June, 2020.

The order issued by District Magistrate, North & Middle Andaman vide No-228, dt. 29th July, 2020 shall come into effect from the 12 noon of 29th July, 2020 and shall remain in force till further orders.

**Second COVID-19 death reported in Isles**  
**UT conducting 56513 test per million which is highest in the country**  
**Senior citizens, children below 10, pregnant women & people with co-morbidity advised to remain at home**

Port Blair, July 29 The second death due to COVID-19 virus in Andaman and Nicobar Islands was reported by the Health Department today. The 49 year old male patient with co-morbidities of hypertension and diabetes was admitted in the hospital on 25/07/2020 with complaint of breathlessness. After testing, he was found positive. When the symptoms worsened, he was shifted to ICU on 26.07.2020. The X-ray chest findings were of classical patches of COVID lesions. Further, the patient's O2 saturation dropped steadily and was put on ventilator on 28.07.2020. In spite of giving all supportive medications, he succumbed to death on 29.07.2020 at 6 pm.

Currently, the UT has reported 428 cases of COVID-19, out of which, 201 patients have recovered. Two patients have been reported expired against the total confirmed cases of 428. The fatality rate is 0.4% against the national average of 2.28%. However, every life is precious and the teams of health care workers including Doctors, Police and District

Administration are working day and night in the field for tracing the suspect cases, testing them and thereafter treating them. The Administration has increased its surveillance at Airport and in the field, so that any person who has symptoms of the virus is detected and isolated. Fresh restrictions were issued to prevent the transmission of virus at entry level itself and also in Containment Zones. Under the new restrictions, all passengers are being tested at the entry point and are subject to 7 days quarantine. Moreover, complete lockdown on weekends will prevent the transmission locally. The Department of Health is able to detect more confirmed cases in the Islands due to its increased testing capacity. Currently, the UT is conducting 56513 test per million which is highest in the country.

It is still observed that many people are still roaming around at public places without safety measures such as without mask and in congregations which may be proved fatal to them. Therefore, it is necessary to meticulously observe all safety

measures by all people as prescribed by the Government of India and the Local Administration, until the vaccine is developed. Wearing mask in public places and observing respiratory etiquette including maintaining '2 Gaj Ki Doori' is the best way to keep the virus away. The Administration is taking all-out efforts to prevent the spread of virus in the Islands. However, it needs help and cooperation from public to fight against this disease more effectively. People should avoid travelling in and outside the Islands and not come out from home until and unless it is necessary for replenishing essential supplies and medical requirements. Moreover, we should ensure that senior citizens, children below the age of 10 years, pregnant women and people with co-morbidity i.e. persons who are having chronic medical conditions such as hypertension, diabetes, coronary disease, kidney/lung disease etc. should not come out from home, except for medical requirements as the virus is proving fatal to such persons, a press release from the Principal Secretary (Health) said.

**Earth Sciences Ministry announces National Awards for excellence in Earth System Science**

New Delhi, July 29 Ministry of Earth Sciences (MoES) National Awards for excellence in Earth System Science have been announced. This year the Life Time Excellence Award is being awarded to Professor Ashok Sahni for his significant contribution in the field of Geology, Vertebrate Paleontology and Biostratigraphy.

Ravichandran, Director, National Centre for Polar and Ocean Research, Goa. The National Award for Atmospheric Science and technology will be presented to Dr. S. Suresh Babu.

The Ministry of Earth Sciences (MoES) is mandated to provide the nation with the best possible services for weather, climate, ocean, coastal and natural hazards, for the public safety and socio-economic benefits.

**Massive public awareness & strict enforcement/prosecution drive to contain spread of COVID-19 in Isles**

Port Blair, July 29 Being one of the foremost frontline Corona Warrior, the Andaman & Nicobar Police has been working relentlessly and tirelessly in its fight against COVID-19. The Police Department adopted two-pronged approach of spreading awareness and taking stringent action against the violators to contain the spread of Corona virus.

All means of communication, traditional as well as digital media, are being used to spread mass public awareness about care and precaution

against transmission of COVID-19. Painstaking efforts are being made to reach out to each and every resident through face to face personal meetings, door to door interaction, public announcement through vehicle mounted Public Address (PA) system, campaign through social media such as facebook, twitter, whatsapp etc. Three songs were launched on facebook and You tube to disseminate the message of safety and safeguards against COVID-19.

support provided by the French Government and Industry in France to ensure timely delivery. The tanker support extended by French Air Force during the ferry was crucial in ensuring that the long haul flight was accomplished successfully and in a time bound manner. The aircraft will be a part of 17 Squadron, the "Golden Arrows", which was resurrected on 10th Sep, 2019. The Squadron was originally raised at Air Force Station, Ambala on 01 Oct, 1951. 17 Squadron has many firsts to its credit; in 1955 it was equipped with first jet fighter, the legendary De Havilland Vampire. In Aug, 1957, the Squadron became the first to convert on to a swept wing fighter, the Hawker Hunter.

New Policy aims for universalization ...

(Contd. from page 1)

schools, open learning for classes 3, 5 and 8 through NIOS and State Open Schools, secondary education programs equivalent to Grades 10 and 12, vocational courses, adult literacy and life-enrichment programs are some of the proposed ways for achieving this. About 2 crore out of school children will be brought back into main stream under NEP 2020.

With emphasis on Early Childhood Care and Education, the 10+2 structure of school curricula is to be replaced by a 5+3+3+4 curricular structure corresponding to ages 3-8, 8-11, 11-14, and 14-18 years respectively. This will bring the hitherto uncovered age group of 3-6 years under school curriculum, which has been recognized globally as the crucial stage for development of mental faculties of a child. The new system will have 12 years of schooling with three years of Anganwadi/pre schooling.

NCERT will develop a National Curricular and Pedagogical Framework for Early Childhood Care and Education (NCFECCE) for children up to the age of 8. ECCE will be delivered through a significantly expanded and strengthened system of institutions including Anganwadis and pre-schools that will have teachers and Anganwadi workers trained in the ECCE pedagogy and curriculum. The planning and implementation of ECCE will be carried out jointly by the Ministries of HRD, Women and Child Development (WCD), Health and Family Welfare (HFW), and Tribal Affairs.

Recognizing Foundational Literacy and Numeracy as an urgent and necessary prerequisite to learning, NEP 2020 calls for setting up of a National Mission on Foundational Literacy and Numeracy by MHRD. States will prepare an implementation plan for attaining universal foundational literacy and numeracy in all primary schools for all learners by grade 3 by 2025. A National Book Promotion Policy is to be formulated.

The school curricula and pedagogy will aim for holistic development of learners by equipping them with the key 21st century skills, reduction in curricular content to enhance essential learning and critical thinking and greater focus on experiential learning. Students will have increased flexibility and choice of subjects. There will be no rigid separations between Arts and Sciences, between curricular and extra-curricular activities, between vocational and academic streams.

A new and comprehensive National Curricular Framework for School Education, NCFSE 2020-21, will be developed by the NCERT.

The policy has emphasized mother tongue/local language/regional language as the medium of instruction at least till Grade 5, but preferably till Grade 8 and beyond. Sanskrit to be offered at all levels of school and higher education as an option for students, including in the three-language formula. Other classical languages and literatures of India also to be available as options. No language will be imposed on any student. Students to participate in a fun project/activity on 'The Languages of India', sometime in Grades 6-8, such as, under the 'Ek Bharat Shrestha Bharat' initiative. Several foreign languages will also be offered at the secondary level. Indian Sign Language (ISL) will be standardized across the country and National and State curriculum materials developed, for use by students with hearing impairment.

Massive public awareness & strict enforcement...

(Contd. from page 1)

strict enforcement in the form of prosecution is being done under Indian Penal Code and Disaster Management Act, 2005 against wilful violators for violating the orders/directions issued by the Government of India and the A&N Administration from time to time. In the last ten days, 35 people have been arrested for violations and more than 2900 people have been challaned under the Disaster Management Act, 2005. Till, 28th July, 2020, a total of 288 cases have been registered, in which 362 people have been arrested so far. As many as 1845 vehicles have been seized and around 17,500 people have been challaned for violation of National Directive for COVID-19 Management, resulting in imposing of fine amounting to Rs. 52.60 lakhs. As frontline Corona Warrior, some of the police officers and staff also contracted COVID-19, but this did not dampen the spirit of police personnel in its fight against COVID-19. The endeavour and action on the part of Police Department are continued unabated. A&N Police appeals to general public not to step out of their homes during lockdown on weekends until there is an absolute emergent situation.

To have more stringent enforcement and prosecution, A&N Police has further geared up and has decided to take the bull by its horns. To further increase its outreach, and add more muscles to prosecution, Andaman & Nicobar Police is launching its Motor Cycle Squad named as 'Hawk Squad'. There will be total 8 motorcycles in this squad. These motorcycles are equipped with many gadgets, including Public Announcement System. The idea behind introducing 'Hawk Squad' is to increase mobility and swift response of the police to maximise police presence and visibility. 'Hawk Squad' will be flagged off by the Director General of Police from the Police Headquarters, Atlanta Point on 30th July, 2020 by observing necessary protocol and safeguards against COVID-19, a press release from PHQ, A & N Police said.
