Addressing health needs of adolescents in Isles through Rashtriya Kishor Swasthya Karyakram

45,509 adolescent children in Isles provided support for holistic development under the scheme

Staff Reporter
Port Blair, Sept. 2 Adolescents between the age group of 10 and 19 years account for nearly one fifth of the total population in the country. In order to respond effectively to the needs of adolescent health and development, it is imperative to situate adolescence in a life span perspective within dynamic psychological, sociological, cultural and economic realities with better health in order to prepare them for further productive youths. To achieve these goals, the Ministry of Health and Family Welfare launched a comprehensive strategy, Rashtriya Kishor Swasthya Karyakram (RKSK) in

January, 2014. The six strategic priorities the RKSK scheme covers include nutrition, sexual and reproductive health, non-communicable diseases, substance misuse, injuries & violence and mental health.

In A&N Islands, the Rashtriya Kishor Swasthya Karyakram (National Adolescent Health Programme) comprehensively addresses the health needs of the adolescents and introduces community-based interventions through frontline

functionaries. About 45,509 children have been benefited from Rashtriya Kishor Swasthya Karyakram in A&N Islands during the year 2020-2021.

Providing inputs about the implementation of the scheme in A&N Islands, the Directorate of Health Services, informed that Weekly Iron and Folic Acid Supplementation (WIFS) Programme is being carried out regularly to meet the challenge of high prevalence and incidence of anaemia amongst adolescent girls and boys. The programme involves distribution of one Iron and Folic Acid (IFA) tablet a week to all adolescent girls and boys (Contd. on last page)
